Setting up the iPod/iPhone dock

Activating the remote control battery

The battery comes pre-installed in the remote control.

To activate the battery:

- Pull the plastic insert out of the battery compartment.

Insert the correct adapter into the Audio Video dock, then insert your iPod or iPhone into the dock.

Connecting the AC power adapter and charging your iPod/iPhone

The USB cable is also a charging cable. One side has a USB mini-B connector. The other side has a standard USB connector.

To connect the AC power adapter:

- 1 Plug the USB mini-B connector on the USB cable into the USB mini port on the iPod dock.

- 2 Plug the standard USB connector on the USB cable into the AC power adapter.
- 3 Plug the other end of the AC power adapter into an AC power outlet.

Note: If the iPod/iPhone battery does not completely charge within eight hours, contact Dynex technical support.

Connecting to a computer

You can connect the dock to a computer so you can sync your iPod/iPhone with your computer and charge your iPod/iPhone at the same time.

To connect to a computer:

- 1 Connect the USB cable to the docking jack on the back of the dock. For the location of the docking jack, see “Jacks and connectors” on page 3.
- 2 Connect the other end of the cable to a USB port on a computer. The dock automatically finds iTunes on the computer.

- 3 Copy files to and from the computer in the same way you would if you connected the iPod/iPhone directly to your computer. Your iPod/iPhone is charging while it is connected to your computer.

Connecting to a TV

You can connect a TV to the dock using the one-to-three composite audio/video cable.

To connect a TV:

- 1 Connect the end of the included one-to-three AV cable that has a single plug to the AV jack on the back of the dock.

- 2 Connect the other end of the video cable to the composite AV jacks on the TV.

Note: The cables are color coded. Connect the yellow cable connector to the yellow video jack, the red cable connector to the right audio jack, and connect the white cable connector to the left audio jack.

Connecting a sound system

To connect a sound system:

- 1 Connect the end of the included one-to-three AV cable that has a single plug to the AV jack on the back of the dock.

- 2 Connect the red and white plugs on the one-to-three AV cable to the audio jacks on the sound system. Do not connect the yellow video plug.

Note: The cables are color coded. Connect the red cable connector to the right audio jack, and connect the white cable connector to the left audio jack. Do not connect the yellow cable connector.

Using the iPod/iPhone dock

Playing songs through a sound system

To play songs through a sound system:

- 1 Make sure that you have connected the iPod/iPhone dock to a sound system. For more information, see “Connecting a sound system” above.

One-year limited warranty

Dynex Products (“Dynex”) warrants to you, the original purchaser of this new **DX-IPDR3** (“Product”), that the Product shall be free of defects in the original manufacture of the material or workmanship for a period of one (1) year from the date of your purchase of the Product (“Warranty Period”). This Product must be purchased from an authorized dealer of Dynex brand Products and packaged with this warranty statement. This warranty does not cover refurbished product. If you notify Dynex during the Warranty Period of a defect covered by this warranty that requires service, terms of this warranty apply.

How long does the coverage last?

The Warranty Period lasts for one year (365 days) from the date you purchased the Product. The purchase date is printed on the receipt you received with the Product.

What does this warranty cover?

During the Warranty Period, if the original manufacture of the material or workmanship of the Product is determined to be defective by an authorized Dynex repair center or store personnel, Dynex will (at its sole option): (1) repair the Product with new or rebuilt parts; or (2) replace the Product at no charge with new or rebuilt comparable products or parts. Products and parts replaced under this warranty become the property of Dynex and are not returned to you. If service of products and parts are required after the Warranty Period expires, you must pay all labor and parts charges. This warranty lasts as long as you own your Dynex Product during the Warranty Period. Warranty coverage terminates if you sell or otherwise transfer the Product.

How to obtain warranty service?

If you purchased the Product at a retail store location, take your original receipt and the Product to the store you purchased it from. Make sure that you place the Product in its original packaging or packaging that provides the same amount of protection as the original packaging. If you purchased the Product from an online web site, mail your original receipt and the Product to the address listed on the web site. Make sure that you put the Product in its original packaging or packaging that provides the same amount of protection as the original packaging. To obtain in-home warranty service for a television with a screen 25 inches or larger, call 1-888-BESTBUY. Call agents will diagnose and correct the issue over the phone or will have an Dynex-approved repair person dispatched to your home.
