

Accessories for Multivan, Transporter, Caravelle and California.

Volkswagen Accessories: More tests for your safety.

| | |
|--|--------------------------------|
| Highest testing standards: Strict criteria for selection and uncompromising test drives in a series of perfectly combined tests ensure even more safety. With Volkswagen Genuine Accessories. | Volkswagen Genuine Accessories |
| The following is true also for this enhancement for Volkswagen Genuine Accessories: We do more than many other companies and perform these tests according to above-average inspecting methods by ourselves. | Trade products |
| The products are tested for their user reliability and usability by the respective manufacturer themselves and, if necessary, by the TÜV, DEKRA or GTÜ (German testing institutes). | Open market |

Volkswagen – a brand that stands for quality, safety and innovation, for generations. A brand that has not only been an important part of history but has also set trends in development and has gained the trust of millions of people from around the globe. Therefore a brand that is committed, down to the smallest detail. As with Volkswagen Genuine Accessories.

More quality

No matter how high the demands are – we are starting at the top and are striving further upwards. Using the best materials, state-of-the-art production processes and excellent processing to ensure that good will always keep improving.

More safety

Clear safety principle: More performance requires more commitment. This is why our testing procedures are more stringent, our demands much higher and our test routes much more difficult than other ones – as a standard.

More Volkswagen

Each Volkswagen Genuine Accessories product is developed in conjunction with the vehicle itself. Clear goal of the team: Everything must fit perfectly so that we are able to impress you with a precise sharpness in detail, again and again. Or in other words: so that a Volkswagen stays a Volkswagen.

The dual-use T5, which can be switched using just a few simple manual actions is ideally suited for commercial use as well as private use for large families. The following symbols provide orientation here:

Particularly suited for tradespeople and the like.

Particularly suited for family use.

Model cars, thermos flask set, travelling bag, toilette bag

The vehicles shown in this brochure are occasionally pictured with additional accessories and / or special fittings. These are not supplied in the scope of delivery of the product described, which also applies to any decor elements shown.

Why don't you take sportiness at its word?

Power and endurance are only two of the most important attributes of a top ranking athlete. Team spirit, elegance and confidence in style come on top of that – at least with the Multivan, California, Caravelle and Transporter. Give your mate even more dynamics and high-performance design with the respective Volkswagen Genuine Accessories. Like a professional.

Stainless steel, chrome plated

Volkswagen Genuine Roof edge spoiler

The elegant roof edge spoiler creates a sporty look. It is primed and ready for painting in the vehicle colour. The third brake light remains visible. It cannot be used in conjunction with the bicycle carrier for the tailgate.

Art. no. 7E0 071 645 GRU

Volkswagen Genuine Chrome-look rear strip

The self-adhesive, chrome-look plastic strip looks good and protects the T5 paint against scratches, which could be caused by unintentional abutting when opening the doors or the tailgate. It is easily attached to the bottom edge of the rear doors or the tailgate.

Art. no. 7H0 071 360

For vehicles with a tailgate

Art. no. 7H0 071 360 VKF

For vehicles with rear doors

Why always go with the flow?

We must admit: Sometimes it can be convenient to immerse in the flow of crowds without attracting attention. However, there are moments where individuality rises above convenience. And your own style above mass compatibility. Especially when dealing with the Multivan, California, Caravelle or the Transporter. See for yourself what the Volkswagen Genuine Accessories have to offer with regard to wheels, tyres and rims – on the wheel configurator under www.volkswagen-zubehoer.de first and then live on your own T5.

Why leave possibilities unused?

Where the cassette radio used to be the technical leader, nowadays a satellite controlled navigation device and intermedial entertainment electronics provide the best sound. They save time, make the trip more relaxing and make everyday life easier. Briefly: They just make sense. Just in the same way as the Volkswagen Genuine Accessories open many new possibilities for communication & Co for you and your Multivan, California, Caravelle or Transporter. Simply use them.

Volkswagen Genuine Click & Ride integration solution

With the integration solution "Click & Ride", you combine the safety and comfort of a fixed installation navigation with the flexibility of a mobile solution. The mobile components: the Garmin nüvi® with 4.3" widescreen colour display, integrated MP3 radio and, upon request, including a Bluetooth hands-free system. Just as safe as fixedly installed: The integration kit for the perfect connection to the vehicle with integrated power supply as well as navigation instructions via the vehicle speakers. Only possible with the Garmin nüvi® included in the scope of delivery. Not suitable for vehicles with universal mobile telephone preparation.

DVD Voyager 4 multimedia kit

(Figure left)

The "DVD Voyager 4" multimedia kit makes car driving a particularly enjoyable experience for all rear seat passengers. The DVD tablet player integrated in the 7" TFT display plays DVDs and CDs in all standard formats as well as MP3s. The flat and light player is mounted to or removed from the headrest quickly and easily and can therefore be used conveniently in different vehicles. The system is EU crash-tested, the player's rounded edges minimise any risk of injury in a crash. A child proofing in the player securing system provides additional safety. Also available as a basic or comfort kit. Please see the attached price list for more information.

Art. no. 000 063 500 ES

MERIAN scout P_NAVIGATOR Volkswagen Edition

The "MERIAN scout NAVIGATOR" is a portable electronic travel companion. The unit combines interactive multimedia travel guide information including audio guides in the form of audible tourist items with the conventional properties of a navigation unit in an innovative design. Thanks to GPS technology it detects the user's current location immediately. Its 30,000 items of travel information include, amongst others, places of interest, overnight accommodation options, restaurants, leisure activities, camping sites and special objectives such as airports and petrol stations.

Art. no. 000 051 235 MA

Volkswagen Genuine iPod adapter

Using the iPod adapter you can connect your iPod to the Volkswagen radio or navigation system. The control and audio output take place simply via the radio or navigation system. We recommend that you stow the iPod in the vehicle glove compartment for security and safety reasons. Can only be used in conjunction with the "RCD 210", "RCD 310" and "RCD 510" MP3 radios as well as with the "RNS 510" radio navigation system.

Art. no. 1K0 051 444 A

Volkswagen Genuine

Radio navigation system RNS 310

Convenient and precise operation using the 5" touchscreen, accurate navigation as well as a brilliant screen quality with easily understandable 2.5-D map display belong to the excellent features of the radio navigation system "RNS 310". The "State-of-the-Art" radio with CD drive, SD card reader and AUX-IN socket enables the "RNS 310" to save and play back different file formats, such as MP3 and WMA – by the way, even when the route guidance is activated. Please see the attached price list for more information about the different versions.

Volkswagen Genuine MP3 radio RMT 100

Unified freedom: MP3 radio, USB-Slot, AUX-IN and a Bluetooth hands-free system in one device. With the “RMT 100”, enjoy your favourite music in the radio using the Audio or MP3-CD, CD-R, CD-RW, USB stick, your MP3 player or also from your mobile telephone per wireless Bluetooth connection. Further accessories may be necessary for the installation. Please see the attached price list for more information about the different versions.

Volkswagen Genuine MP3 Radio RCD 210

The MP3 car radio “RCD 210” with integrated CD player and CD changer interface brings cool sounds to your vehicle and plays your favourite hits as MP3 files – making changing CDs while travelling a thing of the past. Please see the attached price list for more information about the different versions.

Volkswagen Genuine MP3 radio Blue Sound BT

You can easily connect your MP3 radio “Blue Sound BT” to your mobile phone using Bluetooth. Thus making theradio into your own installed hands-free system. AnSD-card slot and a USB port enable plug & play output of MP3 music files. The CD-player is compatible with CD audio music files on standard CD-R and CD-RW discs. Please see the attached price list for more information about the different versions.

Volkswagen Genuine MP3 Radio RCD 310

For non-stop music enjoyment on all your journeys. The “RCD 310” MP3 radio has a CD drive and plays all your favourite files in MP3 and WMA format. With a 4 x 20 watt power output, the “RCD 310” makes a sound that can be heard. In addition, the surrounding of the buttons and knobs in chrome look make the radio a true eye-catcher. Please see the attached price list for more information about the different versions.

For vehicles with a factory-fitted mobile telephone preparation

Volkswagen Genuine Mobile phone adapter set

The mobile phone adapter set with active support is perfectly matched for cars that are already factory-fitted with a mobile telephone preparation – simply insert into the existing cradle. Two additional function keys connect you directly with the Volkswagen service and breakdown service when required. More information can be obtained from the attached price list for this purpose.

Art. no. 7L0 051 435 X¹

Volkswagen Genuine Bluetooth Touch-Adapter

When using the new Bluetooth Touch-Adapter, you can operate your mobile phone with comfort via the high resolution touchscreen. Simply insert into the existing cradle of the factory fitted mobile telephone preparation, activate the Bluetooth hands-free profile in your mobile phone and connect your mobile phone with the adapter. Once it has been set up, you can simply leave your mobile phone in your pocket while you're driving.

Art. no. 3C0 051 435 TA

Volkswagen Genuine Bluetooth pairing-adapter

The Bluetooth pairing-adapter means you can connect a Bluetooth mobile phone to a mobile telephone preparation. Similar to a mobile telephone adapter, the adapter is simply inserted into the cradle of the mobile telephone integration product. The connection is made using the mobile telephone Bluetooth hands-free profile. Once the one-off coupling process between mobile phone and mobile telephone preparation has been carried out, you can simply leave your mobile phone in your pocket while you're driving.

Art. no. 3C0 051 435 PA

Volkswagen TeleCom

We'd like to make sure you don't have to think about your mobile phone tariff at all. This is why we have come up with an inexpensive, simple mobile phone tariff. Please ask your Volkswagen TeleCom partner about the attractive "V10" mobile phone tariff and the many additional services you will have available if you use the Volkswagen TeleCom mobile phone card. You'll always be easy to contact on the road if you use the Volkswagen hands-free system together with the Volkswagen TeleCom mobile phone card. In addition, we can offer you a range of mobile phone models. You can find more information at www.volkswagen-telecom.de.

For vehicles without factory-fitted mobile telephone preparation

Volkswagen Genuine Bluetooth Touch Phone Kit

The “Touch Phone Kit” provides you with the highest degree on operating comfort with maximum safety.

Using the speaker independent voice control and the high quality touchscreen, the Bluetooth hands-free system can be controlled as desired. The user interface in Genuine Volkswagen design is an additional eye-catcher.

Furthermore, you can use the additional possibility to play back your MP3s from your mobile phone per audio streaming via the car's own loudspeakers. A separate adapter cable set as well as an AUX-IN adapter are required for connecting the hands-free unit to the radio / navigation system. You will find this in the attached price list.

Art. no. 000 051 473 A

Why keep an eye on space all the time?

Save, save, save? Not here! Because here, it is about a further extremely distinctive virtue of the Multivan, California, Caravelle and Transporter: Generosity. Good for you. Thanks to this virtue, when dealing with goods to be transported, you can be anything else but stingy. Pick from an embarrassment of riches when it comes to space – with the versatile Volkswagen Genuine Accessories.

Volkswagen Genuine Roof bars

Well equipped underway - thanks to the roof bar systems from Volkswagen Accessories. The basis for this are the City-Crash tested roof bars to which, for example, surf board, bicycle, ski and snowboard holder or the practical roof boxes can be attached. Please see the attached price list for an overview of all the versions available.

Volkswagen Genuine Roof bar wind deflector

The roof bar wind deflector comprises a six-part set that is easy to be mounted. It is glued beneath the roof bar and serves to minimise wind noise when travelling with unladen roof bars.

Art. no. 7H0 071 715 666

Surfboard carrier

The best wind conditions can surprise you from all sides. Great if not only the board but also the the required equipment find their place comfortably and safely. The surfboard holder has been designed for transporting a surfboard and two masts. Four mast holders and two tensioning straps are included in the scope of supply. The assembly to the roof bars is carried out quickly and easily.

Art. no. 000 071 120 HA

Volkswagen Genuine

Canoe carrier

The canoe carrier has been especially developed for canoes weighing up to 25 kg. They can be transported safely on the roof of the vehicle without slipping or bouncing.

Art. no. 1K0 071 127 A

Volkswagen Genuine Roof box

The roof boxes with volumes of 310 l, 340 l and 460 l convince with their simple and comfortable handling: Roof boxes can be easily attached to the roof bars thanks to the practical quick clamp fastening. The innovative “DuoLift” system, which makes opening the roof box possible from both sides, ensures additional ease of loading and unloading. All roof boxes can be locked using the 3-point central locking system. Please observe the maximum permissible roof loading. Please see the table shown below for an overview of all sizes and versions.

| Carrying capacity [kg]: | 75 | 75 | 75 |

Volkswagen Genuine

Ski and snowboard holder Komfort

(Figure above)

Transport up to six pairs of skis and up to four snowboards comfortably and safely on the roof of your vehicle. The ski and snowboard holder does not only allow itself to be easily mounted on the basic roof bars, but also allows itself to be locked. The wide opening buttons mean the ski holder can even be operated if you're wearing thick ski gloves. An the practical pull-out function makes loading and unloading easier. Also suitable for transporting a wakeboard.

Art. no. 1T0 071 129

Volkswagen Genuine Storage bag

(Figure right)

If the ski bag is no longer needed, it can be stowed in a space-saving and tidy manner within the sturdy storage bag. A hook-and-loop fastening enables the simple fixing of the bag in the luggage compartment.

Art. no. 00V 061 201

Volkswagen Genuine Ski bag

(Figure shows the ski bag with storage bag)

The practical ski bag serves for transporting up to four pairs of skis, including ski sticks. Also the optimum protection of all persons as well as the equipment or the items within the vehicle or roof box: Thanks to the integral belt, the bag can be clipped into the belt plug in the vehicle interior. Furthermore, a full-length zip fastener and convenient handle ensure for simple handling. Length approx. 200 cm for skis up to a length of 190 cm. Colour: Black.

Art. no. 00V 061 202

Volkswagen Genuine Luggage rack

The luggage rack provides a wide range of transport options. The end tubes can be assembled together in a flat loading surface so that even long objects can be transported. The rack is made from plastic-coated steel parts and is thus exceedingly robust as well as weather-resistant. It can be mounted easily and quickly on the Volkswagen Genuine roof bars.

Art. no. 191 071 130 F

Rhino Luggage rack

This sturdy and elegant steel construction is the ideal structure for carrying bulky luggage and cargo. The luggage rack with integral runner extends over the entire vehicle length and is easily attached using either a rail or point attachment method. The parts comprise corrosion-resistant steel plate with black powder and plastic coating. If necessary, the rack can be dismantled into individual parts when not being used in order to save space. Please see the attached price list for a summary of all available versions.

Volkswagen Genuine Ladder holder

(Figure left)

The angle brackets are ideal for transporting ladders. Slipping or bouncing becomes a thing of the past. Can only be used in conjunction with the roof bars.

Art. no. 6K9 071 190

Volkswagen Genuine Runner

(Figure left)

The easy-running runner is mounted on the rear-most roof bar. This makes loading of the roof with bulky cargo a child's play. Once placed on the runner, furniture items or ladders can be simply pushed forward, without scratching the paint or leaving disagreeable marks behind. Can only be used in conjunction with the roof bars.

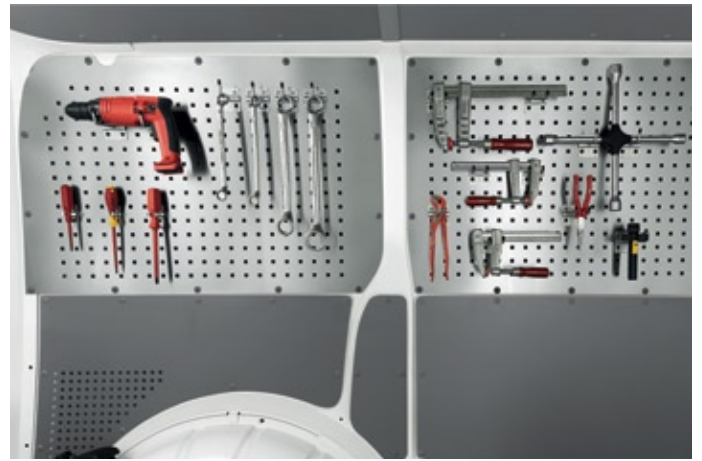

Art. no. 6K9 071 192

Volkswagen Genuine **Pipe transport container**

Transport branch conduits of pipe lengths up to 3.20 m in the specially provided transport container. Even short pipes are easily transported and can be easily removed from the container using the special drawing out device. The container is easily secured either to the roof bars or the luggage rack.

Art. no. 2E0 071 161

Volkswagen Genuine **Perforated wall panel trim**

The precisely formed, laser cut aluminium panels are the ideal basis for the clear and safe fixing of tools or small parts. The wide range of accessories can be latched in the square holes with at a distance of 38 mm and converts the perforated sheet plate into an efficient tool holder. The interior trim additionally protects the interior walls against damage to the paintwork as well as dents.

For long wheelbase Transporters

Volkswagen Genuine Stanchions

Your freight is retained safely in curves thanks to the stanchions. The stanchions can be engaged in the lashing rails in no time at all and can be used to lock all types of cargo in place. Rather bulky doors and plates can be stabilised with great ease and effectively, e.g. in the central aisle using the stanchions. For Transporters.

Art. no. 7E0 017 231

Round stanchions

Art. no. 7E0 017 231 A

Square stanchions

Sortimo Tie-down fitting

The tie-down fitting is to ensure your cargo is always securely fixed within the cargo space. The fixing is simply carried out on the lashing rails or to the individual lashing point on the tensioning rod. For Transporters.

1 set = 4 pieces.

Art. no. 2E0 017 242

Sortimo Individual lashing point

For the safe fixing of cargo with different shapes and sizes. The individual lashing point is mounted on the square stanchions in the cargo space and are inserted in conjunction with the tie-down fitting. For Transporters.

1 set = 2 pieces.

Art. no. 2E0 017 240

Sortimo® Tensioning belt with clamping lock

Optimum for the quick and safe securing of the load. The integrated tie-down fitting can be fastened to the lashing rails in no time at all and the load is fixed using the tension belt with clamping lock. For Transporters.

Art. no. 2E0 017 243

Sortimo® Square holder

Typically the square holder can be used to ensure that pallets or wood loads are easily and professionally locked. The square holder is equipped with an easily operated pulling ring. 1 set = 2 pieces.

Art. no. 2E0 017 241 A

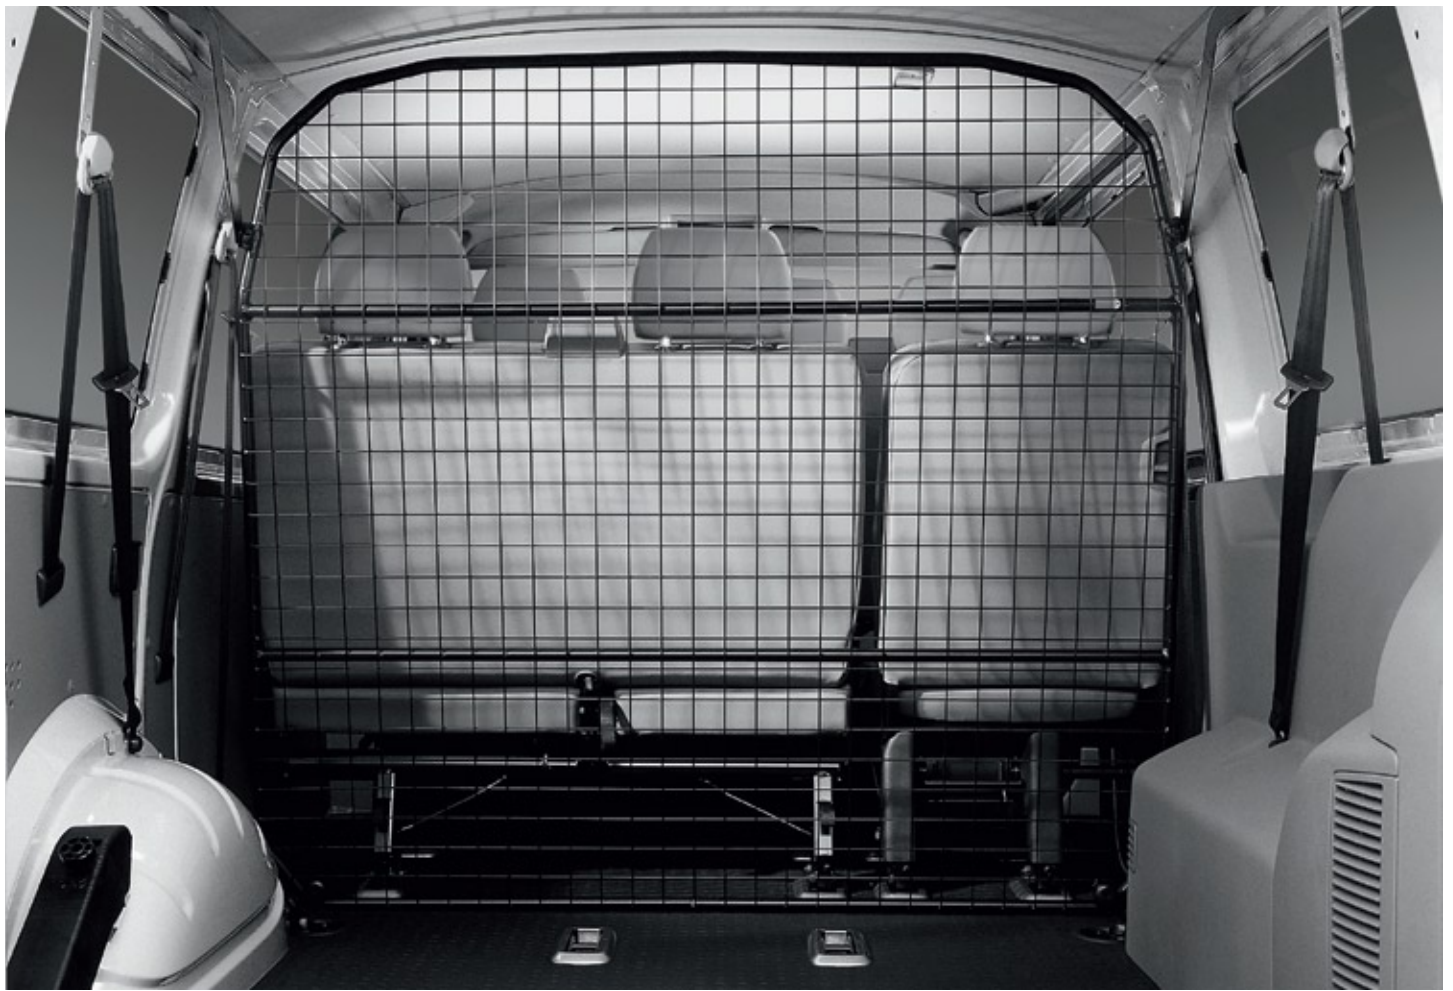

Sortimo® Tensioning belt with ratchet tightening lock

(Figure left)

Even large heavy loads can be secured to the lashing rails in the cargo space using the tensioning belts. Simply latch in the tie-down fitting and then you can lash the cargo with the tensioning belt using the ratchet tightening lock. For Transporters.

Art. no. 2E0 017 244

Volkswagen Genuine Partition grille

(Figure above)

Good to know that your suitcases, bags and purchases can be well stowed using this partition grille. Even during strong braking, the pieces of luggage do not pose a risk to the driver and passengers thanks to the black powder coated steel mesh. The partition grille can be fixed without using tools and without drilling holes in a few steps and when necessary, can be removed at any time without leaving any traces.

**For Multivan with short wheelbase
(Figure, Page 27 top)**

Art. no. 7HB 017 221

For Transporter (figure above)

Volkswagen Genuine Luggage net

The luggage net is ideal for all small to medium sized objects that should stay in their place when being transported. Simply attach the tear-resistant net to the lashing eyes in the luggage space using the securing hooks and nothing can slip around any more.

Art. no. 7H0 065 110

For Transporter, Caravelle and Multivan

Volkswagen Genuine Space partition

(Figure above shows the partition grille with space partition)

This lets you maintain order in the luggage area: The space partition made from sturdy, black powder-coated steel mesh divides the luggage space to a ratio of 65:35. It takes only a few steps to attach the space partition to the intended points without using tools. Can only be used in conjunction with the partition grille. For the Multivan.

Art. no. 7H0 017 222

Volkswagen Genuine Load securing net

If a little bit more is required: Secure the heavy objects in the middle aisle professionally according to DIN and EN. Simply place the load securing net made of nylon and steel over the goods, fix to the lashing eyes and secure across the transverse belt using a ratchet tightening lock. For longer objects, the length of the net can be easily adjusted using the the clamping locks in the longitudinal belt. Net size: 900 x 500 mm (L x B). For Transporter and Caravelle.

Art. no. 2K3 017 230

Safety is a work of precision.

The musical clock, the bite rings, the book with pictures or the school books, all ages have their own small or larger milestones. Each stages of development have their own challenges. This is the reason why we have developed child safety seats for each age group. One that matches the age, mobility and the weight of the child perfectly All Volkswagen Genuine child safety seats convince with a high sitting comfort and simple handling: All covers can be easily removed and can be washed at 30 °C. And the most important point: Each individual Volkswagen Genuine child safety seat provides your child with the highest level of safety. Because our testing criteria are much more stringent than legally prescribed and our test procedures are much more comprehensive than the ECE Standards.

Volkswagen Genuine Bobsy G0-1 ISOFIX

The “Bobsy G0-1 ISOFIX” is the safe seating system for children weighing up to 18 kg (up to 4.5 years). The seat is firmly fixed to the vehicle bodywork using the ISOFIX fixing to the subframe, but can also be used without problems in vehicles without the ISOFIX system. The child seat is approved for Groups 0/1, which means it can be used from birth onwards up to a weight of around 18 kg if fitted facing backwards. If fitted facing forwards, it is approved for use between 9 and 18 kg. Highlights: The belt harness is height-adjustable and the seat shells can be clicked into three angle settings. The subframe for fitting the child seat to the vehicle must be ordered separately.

- Subframe for use facing forwards

Volkswagen Genuine Bobsy G2-3 pro

With its seat cushion that can be adjusted in its width and the height adjustable sleep support, the “Bobsy G2-3 pro” makes sure that the belt routing is kept snug to the child's body and is therefore perfect for children between three and twelve years old (15 to 36 kg). The special head part, the side flanks that protrude to the front and the shoulder area that is covered completely provide a high comfort and give the best possible protection in event of a side collision. The individual height and inclination settings guarantee additional comfort. The fastening is achieved using a three-point belt.

Why settle for less?

It works and fits perfectly, keeps for ages and even looks good in the process. Strictly speaking, you just do not want to see your Multivan, California, Caravelle or Transporter without it. Without this sense of well being of optimum comfort. Without the security that your T5 is really well protected. Or in other words: without Volkswagen Genuine Accessories.

Mobile kitchen for fitting in the passenger compartment

The mobile kitchen is to be fitted directly behind the driver seat in the rail system of the passenger space. It forms an ideal combination with the side table. The kitchen is highly versatile. It can be removed with just a few manual steps and, thanks to the approx. 2 m long power cable, can also be used outside the vehicle. Size: 1,140 x 490 x 925 mm (L x W x H) Gas bottle and cooker are not included in the scope of delivery. For Multivan and California Beach.

Art. no. 7H0 065 000 B WEZ

California cooking set

The complete, elegant, solid and easy to clean aluminium cookware accompanies you on journeys or in your leisure time activities. Thanks to the high-quality Alufylon non-stick sealing the California cooking set is ideal for ovens with an open flame. Supplied in the scope of delivery are a pot, two frying pans, two sauce pans with matching lids and a clamping handle. Camping crockery and cutlery are also available. Please see the attached price list for more information.

Art. no. 7H7 069 609 520

Mobile kitchen for fitting in the luggage compartment

(Figure left)

The mobile kitchen for fitting in the luggage compartment is flexible, sturdy and easy to install: The outdoor modules offer sufficient storage space as well as facilities for cooking, rinsing and stowage for spur-of-the-moment campers, weekenders, holiday and business travellers on the road. The mobile kitchen can easily be removed at any time if the space is required for other purposes and fits into the vehicle's standard floor rail system. Easy to combine with the Multiflex board (see page 33). The net weight of the mobile kitchen is about 25 kg. Size: 1,100 x 500 x 400 mm (L x W x H) Gas bottle and cooker are not included in the scope of delivery. Only for the Multivan.

Art. no. 7H0 065 000 A WEZ

Volkswagen Genuine Tailgate tent

(Figure above)

With the quickly mounted tailgate tent for the open tailgate of the T5 you can profit from a practical living space extension for your camping holiday. It is highly useful not only for leisure activities but also for work use, e.g. as a shower cabinet, toilet space, weather protection or even for better sleeping area ventilation in summer. The tailgate tent with closable mosquito window also has an additional removable tunnel entrance and is made from mould- and flame-resistant material. Suitable all T5s with a tailgate.

Art. no. 7H0 069 612 A

For Multivan

Volkswagen Edition shower set

With the practical shower set you always have a personal water supply on board. Regardless of whether you make use of the tailgate tent and use the shower set for showering, or use it for rinsing your dishes on the move, spraying down your dogs after a walk or for removing dirt from your vehicle, you are ready for almost any job using this mobile shower head. The scope of supply includes: immersion pump 12 l/min, 0.6 bar, adjustable shower head with 2 m shower hose, 4 m power supply cable and 12 V plug, 20 l folding canister, footmat, shower gel, suction hooks and transport box.

Art. no. 000 069 650

Volkswagen Genuine Multiflex board

The multiflex board permits use of the storage space on two levels. It can be used as a practical lying surface or – thanks to the folding bed board – as a versatile support option. The foam supports with coverings are available in three colours, dependent on vehicle equipment.

For the Multivan.

Art. no. 7H0 061 208 FKZ¹

Volkswagen Genuine Cool and thermos box

Picnic, lunch or dinner? The cool and thermos box has a capacity of approx. 32 l. With a 48 W power supply it provides the correct temperature whether hot or cold. Operation is via the soft operating panel with LED control display. The box has a removable lid, an integral dividing grid and is suitable for carrying 1 l bottles in an upright position. Its special securing system means the box can be carried in the rail system securely attached to the vehicle. For Multivan and California Beach. Please see the attached price list for an overview of versions and colours.

Art. no. 7H0 065 400 FKZ¹

Volkswagen Genuine Foldable storage compartment (Figure left)

The accordion folding bag is a real space miracle. On the one hand, it can be stowed saving a lot of space and on the other hand, provides a lot of storage space when you need it. For example, for shopping articles, documents or toys. The folding bag is made of black washable textile, bears the Volkswagen Logo on the side and can be attached safe and sound to the standard lashing eyes in the luggage compartment using the integrated straps.

Art. no. 000 061 109 B

¹FKZ = Colour code, see price list.

Volkswagen Genuine Centre console

(Figure above)

The practical centre console between the driver and passenger seats provides you with additional storage space and makes sure that smaller objects can be stowed safely in the passenger compartment.

Art. no. 7E0 061 120

For Multivan

Art. no. 7E0 061 120 A

For Transporter and Caravelle

Volkswagen Genuine Reversible boot mat

This precise-fitting and practical reversible mat made in velour protects the T5 loading space from any type of dirt. The easy-care and studded plastic on the rear ensures that the load cannot slip. A practical aid if you have to transport dirty or wet objects around.

Art. no. 7E5 061 210

Volkswagen Genuine **Wind and rain deflector**

Open your window for better air circulation. The wind and rain deflector effectively reduces spray and annoying wind noise when travelling with the window slightly open. It also offers additional glare protection when the sun shines from the side. Furthermore, it has a precise shape and is easily mounted without drilling or gluing. The two-part set comprises a wind deflector for both right and left side windows.

Art. no. 7H0 072 193

Volkswagen Genuine **Park distance control – rear**

Four sensors and an acoustic warning signal help the driver while parking backwards: The park distance control is automatically activated when reverse gear is engaged, and is confirmed with a brief signal tone. It is harmonically integrated in the vehicle bumper. The self-diagnosis function in the park distance control helps in error detection, and the intelligent setup function recognises things such as your own towing hitch as not being an obstacle.

Art. no. 7H0 054 630

Volkswagen Genuine **Luggage compartment inlay**

This light and flexible inlay is made exactly to fit the T5's contours. Its rim, approx. 5 cm high, provides sufficient protection against moisture and dirt. The diamond pattern integrated in the material is anti-slip. If the luggage compartment inlay is not required, it can be simply rolled up for saving space.

Art. no. 7E5 061 160

Volkswagen Genuine **Luggage compartment tray**

The practical tailored luggage compartment loadliner for the T5. It is washable, anti-slip and acid resistant. The surrounding raised rim of approx. 4 cm prevents liquids running out onto the vehicle floor. This is the easy way to keep your luggage area clean.

Art. no. 7E5 061 161

Volkswagen Genuine Loading sill protection film

The accurately fitting loading sill guard from transparent film prevents damage during loading and unloading. For sticking onto the loading edge of the rear bumper.

Art. no. 7H0 061 197

Volkswagen Genuine

Loading sill guard in stainless steel look

Great when an object of design does not only catch your eye but also has a good effect on the value retention of your T5. The easy to glue loading sill guard made of plastic in a high-quality stainless steel look reliably protects the bumper against scratching when loading and unloading the luggage compartment.

Art. no. 7E0 061 195 HV9

Side protection strip

The side protection strip protects the T5, especially when parking or parked or when opening the doors, against annoying paint scratches or small dents. The plastic strip with model name also adds a certain visual appearance. Please see the attached price list for a summary of all available versions.

Volkswagen Genuine Sill rail film

(not illustrated)

The sturdy film protects the paint of the heavily used door sills in the front entrance areas against scratches and damage. A reasonable and functional detail that provides you with a positive view of your vehicle for ages to come.

Art. no. 7E0 071 310 19A

For the front (1 Set = 2 pieces)

Wheel arch trim

The wheel arch trim is the ideal complement also for existing interior trims. It has been specially manufactured for unprotected wheel arches. Its flexible and UV-resistant material protects the painted wheel arches against scratching and damage and thus helps the Transporter to maintain a high resale value.

Art. no. 7H0 071 110 Z37

Volkswagen Genuine Mud flaps

The perfectly fitting mud flaps are extremely hard-wearing and durable. They protect the underbody, the bumper and the rear of the T5 from heavy soiling. In addition, stone impact is reduced and spray spread is minimised. Available for front and rear mudguards.

Art. no. 7H0 075 111

For the front

Art. no. 7H0 075 101

For the rear

Volkswagen GenuineV Protector

The paint protection film "V Protector" protects in all those areas where the perils of daily risks lurk: on the mirror caps, front bumper, door handles, door edges and the loading sill. The transparent film cut to match the specific model does not only ensure for a better protection but also optimises its value retention. Please see the attached price list for the individual versions.

The highlights of the V protector paint protection film:

- Effective value retention and perfect protection
- Transparent and precise fitting to the vehicle
- Durable and free of yellowing
- Free of residues when removing, even after several years

Volkswagen Genuine Headrest hooks

The practical organiser in a twin pack: two piece set for fixing to the front seat headrest bar. With this, objects that fly around in the car are a thing of the past. Simply fix the goods to be transported to the headrest bar and off you go.

Art. no. 000 061 126 041

Volkswagen Genuine Clothes hanger

The clothes hanger is not only practical, but also an optically attractive solution for transporting your wardrobe crease-free. Simply fix the hanger to the seat headrest bar.

Art. no. 00V 061 127

Volkswagen Genuine Rubber footmats Heavy Duty

The innovative rubber footmats "Heavy Duty" with Volkswagen lettering are excellent when it comes to absorbing moisture and dirt. The mats are shaped to fit exactly, have thick profiled grooves and a slightly raised surround edge. Their integral fastening system prevents slipping on the vehicle floor.

Art. no. 7H1 061 551 A 041 **For the front, individual seats**

Volkswagen Genuine Textile footmats

The textile footmats which are perfectly shaped to fit the footwells of your T5 are made from hard-wearing, thick woven velour. The front mats are anchored to prevent slipping using the fixings provided in the floor area. Please see the attached price list for the part numbers of the individual versions.

Volkswagen Genuine **Artificial leather seat covers**

The seat covers protect the seats of the T5 from heavy wear. For the front seats and headrests. Suitable for front seats with luggage pouches and height adjustment but without side airbag. For Transporter and Caravelle. 1 set = 2 pieces.

Art. no. 7H0 061 601 351

For two individual seats

Art. no. 7H0 061 645 351

For single and double seat

Volkswagen Genuine

Seat covers for trade and commercial use

The easy to clean and sturdy artificial leather protects the driver and passenger seats against dirt, wear and damage. The robust surface is resistant to puncturing, cutting and tearing as well as sweat. The material application is self-supporting while the smooth surface simultaneously makes it easier for the user to get in and out. All versions can be used with side airbags and can be combined with and without armrests. For the special single-part version, backrest and seat surface are cut as a single piece.

For Transporter and Caravelle.

Art. no. 7H1 061 645 BA 3AV

For two individual seats

Art. no. 7H1 061 646 BA 3AV

For single and double seat

Volkswagen Genuine **Rubber footmats**

If the most important thing is keeping things dry, the rubber footmat set is the ideal solution. Dirt and moisture are collected and then removed by simply washing them away. The rubber footmats are made-to-measure, and are connected to the vehicle floor using the integrated fixing system to prevent slipping. Included: 1 set = 2 pieces.

Art. no. 7H1 061 501 FKZ¹ For the front, single seats

Art. no. 7H0 061 502 FKZ¹ For the front, central mat

¹FKZ = Colour code, see price list.

Why have to always think about everything?

It is a much better feeling to have already thought about everything. The fact that a Multivan, California, Caravelle or Transporter with optimum care simply keeps much longer. Or the fact that a snow storm doesn't have to be reason to pause. Or that a breakdown still does not mean a disaster. Volkswagen Genuine Accessories has thought about all of this for you. A clear path ahead and your head is free – perfect.

Volkswagen Genuine

Warning triangle

The intelligently constructed warning triangle that is stored space savingly and can be accessed quickly in case of use. With ECE (Economic-Commission-for-Europe) test symbol and stable, swivelling metal stand feet for safe use.

Art. no. 000 093 057

Volkswagen Genuine

Snow chains

The high-quality cable standard mounting chains made of hard-wearing titanium alloy convince with their quick and easy assembly via quick clamping elements as well as their integrated wheel protection. With only 9 mm, the chains are also suitable for vehicles with limited space. An overview of all versions available can be obtained from the attached price list.
