

"Money Words" Card Reader Cards

Model MCFM

1. Clearly labelled box for quick and easy identification and classroom applications
 2. Reproduceable teacher reference chart to track progress
 3. 48 cards include commonly used money-related words such as: coins, penny, nickel, dime, quarter, half-dollar, heads, tails, cent sign, dollar sign, decimal point, bills, one-dollar bill, five-dollar bill, ten-dollar bill and twenty-dollar bill
- Provides vocal mirroring capabilities when used with a CardMaster Card Reader. A card is selected and played through the CardMaster. The student listens to the prerecorded sound, records a response, compares the two recordings and repeats as many times as necessary.
 - Optional blank cards allow creation of additional teacher created lessons and a permanent record of student progress
 - Reading and writing skills develop in a variety of ways, this program enables students to link visible letters with the sounds they hear. This repeated, multi-modal, kinesthetic, visual and auditory reinforcement helps solidify mental connections between written and spoken words.

The Money Words card program is a true supplement which can be easily integrated into early childhood classroom curriculum, ELL, ELD, speech-language therapies, foreign language acquisition and adult literacy groups. This kit will help students identify 48 common words, as well as correctly pronounce and read them. Each audio card has a full-color illustration of the item and its clearly written noun on the card.

The reproduceable Teacher Progress Chart can be used for pre/post testing of student knowledge of the 48 words. Each audio card is also numbered to correspond with the progress chart.
