PRODUCT DIAMOND XtremeTV PVR550 PCI Power Pack Edition

PRODUCT DETAILED DESCRIPTION
 XtremeTV PVR 550 - Turn your PC into an XtremeTV! Whether you want to watch TV on your LCD, flat-panel or computer monitor or turn your PC into a full-featured Personal Video Recorder, XtremeTV is the all-in-one solution you are looking for! Use the included remote control to watch, pause, rewind, and instantly replay live TV or record upcoming shows with one touch all from the comfort of your sofa. XtremeTV PVR 550 features SnapStream Media's Beyond TV, the best personal video recorder interface in the industry. It also includes SnapStream's Beyond Media for storing, organizing and playing your MP3's, digital photos, and home videos. And XtremeTV PVR 550's on-board hardware encoder ensures you and your family will always experience the most "Xtreme" visual quality and performance available! "An impressive software package...that turns a plain PC into a media center." - Forbes.com If you have a PC...the Firefly [remote] is the way to go. It's easy and affordable, and it works as advertised." - PC Magazine The Difference You Can See! With An On-Board Hardware Encoder! XtremeTV's on-board hardware encoder chip processes digital video signals on-the-fly so your computer's central processor (CPU) remains free to perform other jobs. The result is better visual clarity, no screen freezes, and no delays when you're changing the channel! And with the onboard hardware encoder, you can watch TV in a window while you run other applications on your PC at the same time! Advanced RF Technology: Works through walls and up to 30 feet away Simple and Easy: One click launches your PC entertainment gateway Cutting Edge Design: Fits comfortably in your hand Fast Access: Dedicated buttons offer quick access to favorite media applications Mouse Mode: Mouse around with Firefly to complete your media center experience
