

diNovo Edge™

World's Most Advanced Keyboard

Ultra-slim profile – Charging base – Innovative TouchDisc™

Stylishly Sleek

Laser-cut from a single piece of Plexiglas less than 3/4 of an inch thick and set in a brushed aluminum frame, the ultra-slim diNovo Edge™ makes a bold statement in the office or living room.

Faster Charges, Longer Power Life

Advanced Li-Ion batteries charge more quickly and last longer. The elegant charging base doubles as a stand that puts your keyboard on display.

Revolutionary TouchDisc™ with Hyper-Fast Scrolling

A new take on the pointing device, TouchDisc™ unifies scrolling, selection, and cursor control. Scroll at hyperspeed with a touch of the finger. Manage your digital desktop effortlessly and more precisely.

Ideal Partner for Media Center®

diNovo Edge™ enhances your multimedia experience with one-touch access to music, photos, movies, and more. Hidden controls light up at a touch, and fade into the background when not in use. The touch-sensitive volume slider gives you precise fingertip audio control.

Bluetooth® Wireless Technology

Advanced Bluetooth® wireless technology ensures seamless, secure operation from up to 30 feet.

PerfectStroke™ Key System for Ideal Feel and Response

A precision micro-scissors mechanism distributes force evenly across key surfaces, eliminating slippage and making every stroke natural and fluid.

- Rechargeable Li-ion Battery
