

### Overview

### HP Compaq t5730 Thin Client

Front

1. Power button
2. Power on indicator
3. Flash activity indicator
4. Audio connector (headphone/speaker out)
5. Audio connector (mic in)
6. USB connectors (two)
7. Removable stand for vertical orientation
8. Mounting points for HP Quick Release
9. Secure USB compartment

Back

1. Audio out
2. Ethernet RJ-45 connector
3. USB connectors (four)
4. PS/2 connectors (two)
5. VGA monitor connector
6. DVI-D monitor connector
7. Serial connector
8. +12V DC power input
9. Feet for horizontal orientation (four)

### Overview

with optional t5730/t5735 Expansion Module Kit

1. Power button
2. Power on indicator
3. Flash activity indicator
4. Audio connector (headphone/speaker out)
5. Audio connector (mic in)
6. USB connectors (two)
7. Removable stand for vertical orientation
8. Mounting points for HP Quick Release
9. Secure USB compartment

1. Audio out
2. Ethernet RJ-45 connector
3. USB connectors (four)
4. PS/2 connectors (two)
5. VGA monitor connector
6. DVI-D monitor connector
7. Serial connector
8. +12V DC power input
9. Feet for horizontal orientation (four)
10. Parallel connector
11. PCI/PCIe slot access
12. Second serial connector

### Overview

1. Wireless antenna (option)
2. Cable lock slot

### At A Glance

- AMD Sempron 2100+ processor for leading performance
- 1 GB flash memory provides ample storage for drivers and applications
- Up to 1 GB system memory (32 MB reserved for graphics memory)
- XP Embedded OS with support for local applications including custom applications
- Enhanced Write Filter and HP Sygate Security Agent for enhanced data security
- Flexibility in choice of options and peripherals
- Administrator-enabled customization
- Active Directory compliant access device
- Windows XP security feature support (apps/HW)
- Powerful ATI Radeon X1250 graphics supporting a broad range of HP monitors including widescreens and touch screens
- Built in dual monitor support (VGA and DVI-D native)
- Integrated wireless technology (select models)
- Optional Expansion Module with PCI and PCI Express x1 for installing a wide range of devices (includes a parallel and second serial port)
- Secure USB compartment is ideal for protecting USB wireless and USB Flash devices
- Legacy support includes parallel (via Expansion Module), serial, and PS/2 connections, along with eight USB 2.0 ports
- Protected by Hewlett-Packard Services, including a limited three-year mail-in warranty (certain restrictions and exclusions apply)

	Hardware Installation	331686-001;U4865E

<sup>1</sup>Wireless functionality is not supported for roaming environments. Thin client must be stationary for wireless device to properly function. A standard WLAN (Wi-Fi) infrastructure with wireless access points is required and is not included.

<sup>2</sup>Option and support is available directly from third party.

<sup>3</sup>For a complete list of monitors compatible with HP Compaq thin clients, it is important to cross-reference the supported video resolutions of the HP Compaq thin client to the supported resolutions of the monitor. Most HP monitors have one or more supported resolutions that match HP Compaq thin client products.

<sup>4</sup>Only serial is supported.

<sup>5</sup>Service levels and response times for HP Care Packs may vary depending on your geographic location. Restrictions and limitations apply. For details, visit [www.hp.com/go/carepack](http://www.hp.com/go/carepack).

<sup>6</sup>U4847E is available in all regions; U4849E is available in Americas and Asia-Pacific/Japan.

### Environment-friendly Products and Approach

#### RoHS Compliance

Hewlett-Packard is committed to compliance with all applicable environmental laws and regulations, including the European Union Restriction of Hazardous Substances (RoHS) Directive. HP's goal is to exceed compliance obligations by meeting the requirements of the RoHS Directive on a worldwide basis. From July 1, 2006, RoHS substances will be virtually eliminated (virtually = to levels below legal limits) for all HP electronic products subject to the RoHS Directive, except where it is widely recognized that there is no technically feasible alternative (as indicated by an exemption under the EU RoHS Directive).

#### Material Usage

This product does not contain any of the following substances in excess of regulatory limits (refer to the HP General Specification for the Environment at:

[http://www.hp.com/hpinfo/globalcitizenship/environment/supplychain/gen\\_specifications.html](http://www.hp.com/hpinfo/globalcitizenship/environment/supplychain/gen_specifications.html)):

- Asbestos
- Certain Azo Colorants
- Certain Brominated Flame Retardants – may not be used as flame retardants in plastics
- Cadmium
- Chlorinated Hydrocarbons
- Chlorinated Paraffins
- Formaldehyde
- Halogenated Diphenyl Methanes
- Lead carbonates and sulfates
- Lead and Lead compounds
- Mercuric Oxide Batteries
- Nickel - finishes must not be used on the external surface designed to be frequently handled or carried by the user.
- Ozone Depleting Substances
- Polybrominated Biphenyls (PBBs)
- Polybrominated Biphenyl Ethers (PBBEs)
- Polybrominated Biphenyl Oxides (PBBOs)
- Polychlorinated Biphenyl (PCB)
- Polychlorinated Terphenyls (PCT)
- Polyvinyl Chloride (PVC) – except for wires and cables, and certain retail packaging has been voluntarily removed from most applications.
- Radioactive Substances
- Tributyl Tin (TBT), Triphenyl Tin (TPT), Tributyl Tin Oxide (TBTO)

### Packaging

HP follows these guidelines to decrease the environmental impact of

### Technical Specifications

product packaging:

- Eliminate the use of heavy metals such as lead, chromium, mercury and cadmium in packaging materials.
- Eliminate the use of ozone-depleting substances (ODS) in packaging materials.
- Design packaging materials for ease of disassembly.
- Maximize the use of post-consumer recycled content materials in packaging materials.
- Use readily recyclable packaging materials such as paper and corrugated materials.
- Reduce size and weight of packages to improve transportation fuel efficiency.
- Plastic packaging materials are marked according to ISO 11469 and DIN 6120 standards.

#### End-of-life Management and Recycling

Hewlett-Packard offers end-of-life HP product return and recycling programs in many geographic areas. To recycle your product, please go to:

<http://www.hp.com/recycle> or contact your nearest HP sales office. Products returned to HP will be recycled, recovered or disposed of in a responsible manner.

The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard web site at: <http://www.hp.com/go/recyclers>.

These instructions may be used by recyclers and other WEEE treatment facilities as well as HP OEM customers who integrate and re-sell HP equipment.
