MANHATTAN™

Thank you for purchasing the MANHATTAN® Hi-Speed USB 2.0 Hub, Model 160766.

Designed to directly accommodate up to seven USB devices (and as many as 127 overall), this handy hub offers flexible and expanded connectivity for desktop and notebook computers. Its high-speed ports are USB 1.1-compatible to support older devices and provide data transfer speeds up to 480 Mbps for external storage, printing and other activities.
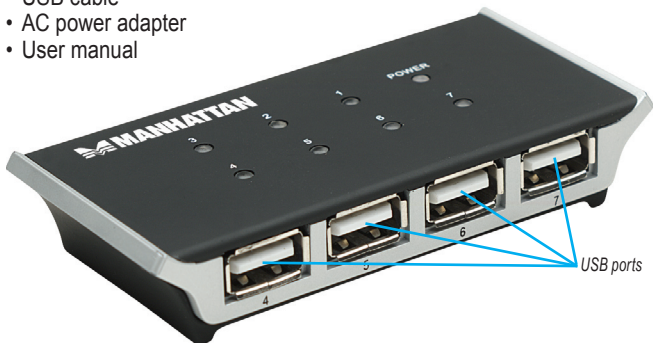

Featuring a durable plastic case, compact size and an AC power adapter, this hub is easily transportable, adding USB connectivity almost anywhere. Installation is simple with Plug and Play and hot-swappable capabilities, plus a mini-B to A-type USB cable that quickly connects the hub to any USB port.
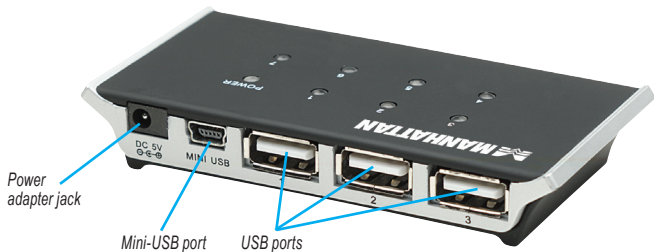

System Requirements
• USB-enabled PC or Mac system
• Windows 2000/XP; Mac OS 9 or above
• Available USB port

NOTE: The power consumption of each connected device is limited to 500 mA. If, after connecting the hub to the PCs, any of the ports fail to work normally, disconnect the device(s), as the failure may be due to excessive current. Reconnect the device(s) to allow the hub to recover and operate normally.
