AMCOR Ultimate Shower System 2

Installation Instructions

To ensure satisfying performance, please read and follow these easy step by step instructions.

Parts:

Assembly:

1. All you need is a wrench OR pliers.

2. Remove your existing shower head.

3. Clean shower arm. Usually the included white tape is not necessary.

4. Mount 3-Way Diverter (Part A) to shower arm.

5. Attach 5-Function Shower Head (Part B) to Diverter.

6. Connect the hexagon connector of the Hose (Part C) to the Diverter outlet.

7. Connect Hand Held Shower Head (Part D) to the conical connector of Hose and position in cradle.

8. Turn the Diverter Knob for the 3 shower options

NOTES: You can use a wrench to tighten connections at any step. • When tightening, put a rag around the shower connections to protect them.
