**DR-4580U**

## When Work Piles Up, How Does Your Scanner Stack Up?

Exceptionally well, if it's the Canon DR-4580U Universal Scanner. With a unique combination of sheetfed/flatbed capabilities, the DR-4580U Scanner handles heavy-duty image processing jobs easily. Infused with high-speed performance and superior image quality—output resolution up to 600 dpi—the Canon DR-4580U could be your most direct route to better productivity.

## Performance and Value Compete. Both Win!

The 200-sheet Automatic Document Feeder allows flexible paper-handling so even batch scanning of mixed documents is more accurate and cost-efficient. Flexible, too, thanks to fast processing speeds up to 56 pages per minute (simplex) and 92 images per minute (duplex), and versatile 11" x 17" flatbed capabilities for books and fragile originals.

## We're Only Going To Go Over This Once.

One-pass scanning of both sides of a document optimizes batch processing with precise image registration. It simplifies duplexing, too, scanning both sides of a page simultaneously. Automatic paper size detection instantly adjusts for varying page sizes, virtually eliminating presorting and rescanning, while a double-feed detector prevents image loss due to misfeeds.

## No Adjustments Required. Except In Your Expectations.

No more labor-intensive presorting, rescanning, and post-processing. Dynamic Thresholding ensures the highest possible image quality, automatically. By removing background color and converting visible information into clear digital images, the DR-4580U compensates for low contrast in hard-to-scan originals such as faxes and pencil drawings.

## Point, Click, Scan. Not Try, Try Again.

Easy to install, integrate, and operate, the DR-4580U will be up and running in no time. It can even process an entire job automatically, just from instructions on a preprinted control sheet. ISIS® and TWAIN drivers support Windows® 95/98/Me/2000/XP, and Windows NT®, providing seamless compatibility with most scanning applications. Other features include bar-code detection, patch-code sensing, and color dropout for optimum OCR processing. Plus, a variety of correction tools, such as hole-punch removal, deskew, and border erasure. With Canon's DR-4580U, you're on a direct course to productivity, and there's no turning back.

<b>Type:</b>	Universal	
<b>Document Feeding:</b>	Automatic or Manual Sheet-feeding, Manual Placement on Platen Glass	
<b>Document Size (ADF)</b>		
<b>Width:</b>	4.2" x 12.0"	
<b>Length:</b>	5.8" x 17.0"	
<b>Document Size (Flatbed):</b>	Maximum W x L: 11.7" x 17.0"	
<b>Document Thickness:</b>		
<b>Automatic Feeding:</b>	0.06mm - 0.15mm	
<b>Manual Feeding:</b>	0.050mm - 0.15mm	
<b>ADF Capacity:</b>	200 pages	
<b>Scanning Element:</b>	Front: CCD/Back: CIS	
<b>Light Source:</b>	Front: Green Cathode Tube/Back: Green/Red LED	
<b>Optical Resolution:</b>	400 dpi	
<b>Scanning Resolution:</b>	Scalable from 100 to 600 dpi in one-dpi steps	
<b>Operating Modes</b>		
<b>Black-and-white:</b>	Dither, Error Diffusion, Dynamic Threshold	
<b>Grayscale:</b>	2-bit, 3-bit, 4-bit, 8-bit	
<b>Scanning Speeds* (ADF)</b>	Simplex	Duplex
<b>Black-and-white:</b>	56 ppm	92 ipm
<b>Scanning Speeds* (Flatbed)</b>		
<b>Black-and-white:</b>	1.1 sec.	—
<b>Interface:</b>	SCSI-II	
<b>Scanner Drivers:</b>	For Windows® 95/98/2000/Me/XP, Windows NT®: ISIS®, TWAIN	
<b>Other Functions:</b>	Bar-code Recognition (II Types),** Patch-code Recognition (Type 2, Type 3, Type T), Auto Separation, Noise Reduction, Color Dropout (Green/Red one side)	
<b>Power Requirements:</b>	AC 120V, 60Hz	
<b>Power Consumption:</b>	135W (Max.)	
<b>Operating Environment:</b>	15 - 30° C, 30 - 80% RH	
<b>Dimensions (H x W x D):</b>	12.9" x 18.3" x 28.8"	
<b>Weight:</b>	68.2 lb.	
<b>Options:</b>	Imprinter, Red Lamp (For Front Color Dropout), White Background Unit	

\*Examples based on typical settings, rated with letter-sized documents, portrait-feeding direction @ 200 dpi. Actual processing speeds may vary based on PC performance and application software.

\*\*Available with the ISIS Driver only
