

**MODEL H7801
DESK/BENCHTOP LAMP
INSTRUCTION SHEET**

Mounting Instructions

This lamp's magnetic base will provide added stability when mounted on a metal surface. To mount, simply position the lamp on the desired surface and secure with #10 screws or bolts. The screw length should not exceed the depth of the surface being used.

If you need additional help with this assembly, call Technical Support at: (570) 546-9663.

⚠ CAUTION

To reduce the risk of fire, use no greater than a 40 Watt bulb.
