## ONE (1) YEAR LIMITED WARRANTY

### SAVE THIS WARRANTY INFORMATION

- A. This Warranty applies only to the original purchaser of this product.
- B. This Warranty applies ONLY to repair or replacement of any supplied or manufactured parts of this product that, upon inspection by JCS/THG, LLC authorized personnel, is shown to have failed in normal use due to defects in material or workmanship. JCS/THG, LLC will determine whether to repair or replace the unit. This Warranty does not apply to installation expenses.
- C. Operating this unit under conditions other than those recommended or at voltages other than the voltage indicated on the unit, or attempting to service or modify the unit, will render this WARRANTY VOID.
- D. **Unless otherwise proscribed by law, JCS/THG, LLC shall not be liable for any personal injury, property or any incidental or consequential damage of any kind resulting from malfunctions, defects, misuse, improper installation or alteration of this product.**
- E. All parts of this product are guaranteed for a period of 1 year as follows:
  1. Within the first 30 days from date of purchase, the store from which you purchased your product should replace this product if it is defective in material or workmanship (provided the store has in-stock replacement.) If you intend to assert any claim in connection with the product, please follow the instructions in paragraph F.
  2. Within the first twelve months from date of purchase, JCS/THG, LLC will repair or replace the product if it is defective in material or workmanship, subject to the conditions in paragraph G.
- F. If you have any other problem or claim in connection with this product, please write to our Consumer Service Department.
- G. **IMPORTANT RETURN INSTRUCTIONS.** Your Warranty depends on your following these instructions if you are returning the unit to JCS/THG, LLC:
  1. Carefully pack the item in its original carton or other suitable box to avoid damage in shipping.
  2. Before packing your unit for return, be sure to enclose:
    - a) Your name, full address with zip code and telephone number,
    - b) A dated sales receipt or PROOF OF PURCHASE,
    - c) Your \$20.00 (USD) check for return prepaid shipping and handling, and
    - d) The model number of the unit and the problem you are having. (Enclose in an envelope and tape directly to the unit before the box is sealed.)
  3. JCS/THG, LLC recommends you ship the package U.P.S ground service for tracking purposes.
  4. All shipping charges must be prepaid by you.
  5. Mark the outside of your package:

# READ AND SAVE THESE INSTRUCTIONS

## IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed including the following:

1. Read all instructions before using.
2. To protect against risk of electrical shock do not immerse cord, plugs, or base unit in water or other liquid.
3. Close supervision is necessary when any appliance is used by or near children.
4. Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning.
5. Avoid contacting moving parts.
6. Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions, or is dropped or damaged in any manner. Return appliance to the manufacturer (see warranty) for examination, repair, or electrical or mechanical adjustment.
7. The use of accessory attachments not recommended or sold by the appliance manufacturer may cause fire, electric shock or injury.
8. Do not use outdoors.
9. Do not let cord hang over edge of table or counter.
10. Do not let cord contact hot surfaces, including the stove.
11. If using a beverage with alcohol content, keep all open flames and cigarettes away from the fountain.

**WARNING:** DO NOT USE WITH UNDILUTED LIQUOR (alcohol must be less than 80 proof or have less than 40% alcohol content).

12. Be sure beverage fountain is properly assembled and secured in place before operating or adding liquid. See detailed assembly instructions.
13. Do not float candles in fountain.
14. Make sure fountain is on a flat level surface before operating.  
**NOTE:** Rival™ Beverage Fountain must be on a level surface to flow properly.
15. Do not use the beverage fountain for other than intended use.

## SAVE THESE INSTRUCTIONS

This appliance is for **HOUSEHOLD USE ONLY**.

No user-serviceable parts inside this product. Do not attempt to service this product.

## FEATURES AND BENEFITS

Create a beautiful centerpiece that is sure to capture the attention of every guest at your next get-together.

The Rival™ Beverage Fountain is easy to assemble and holds up to 2½ gallons of your favorite party beverage. Simply add the prepared beverage directly into the bowl and watch as the liquid flows up the tower and then cascades down through each of the three tiers, creating a centerpiece ready for your guests to enjoy!

The bubbles and rotating 4-color light enhance the stunning ambience created by your Rival™ Beverage Fountain.

You may also add ice to the bowl and garnish your punch with frozen or fresh fruit such as orange or lemon slices, strawberries, or raspberries. Use the included ladle and 12 punch cups to serve guests at your next event.

The Rival™ Beverage Fountain is also the perfect party companion to the Rival™ Chocolate Fountain.

## BEFORE USE

**IMPORTANT:** Always add liquid before operating the fountain. If running while empty, excessive noise (and possible motor damage) will result.

1. Remove all black foam packing rings from the bottom of the BOWL. (See Figure. 2)
2. Wash all parts EXCEPT the BASE (see CLEANING & MAINTENANCE).

## ASSEMBLING THE BEVERAGE FOUNTAIN

1. Align the BOWL over the BASE so the VALVE fits into the WATER PUMP INPUT and the other 4 notches align. Press firmly to secure BOWL into BASE.
2. Align the INNER TUBE over the WATER PUMP OUTPUT on the center of the BOWL (it only fits one way).
3. Place the OUTER TUBE over the INNER TUBE, and rotate CLOCKWISE until it locks firmly into place.

### ASSEMBLING THE BEVERAGE FOUNTAIN (CONT.)

4. Place each of the 4 DOMES over each STEM in the LARGE TIER and press firmly into place.
5. Slide the LARGE and MEDIUM tiers over the OUTER TUBE. Then slide the FLOW COLLAR and SMALL tier over the OUTER TUBE.
  - NOTE:** • Tiers do not lock into place.
    - Pay careful attention to the "THIS SIDE UP" markings on the FLOW COLLAR during assembly. Position the FLOW COLLAR so that the double arrows are facing upwards. (See Figure. 3)
6. For best results and optimal waterfall effect, rotate each tier so the spout placement is staggered.
  - NOTE:** The liquid from the MEDIUM TIER should flow down through each SPOUT and onto the DOMES.
7. If desired, you may hang each of the 12 included CUPS from the rim of the Bowl. The included LADLE may be used to fill CUPS with beverage.

**IMPORTANT:** Do not add liquid until product is fully assembled.

### OPERATING INSTRUCTIONS

The Rival™ Beverage Fountain is designed to create a beautiful waterfall of your favorite party beverage.

- NOTE:** • Rival™ Beverage Fountain must be on a level surface to flow properly.
    - You may want to place a washable tablecloth under and around the immediate area of the fountain, to protect against light misting, splashing or accidental spills (especially if adding food coloring to the punch).
1. Prepare your beverage according to one of the included recipes or using your own favorite recipe.

### OPERATING INSTRUCTIONS (CONT.)

- Beverage mixture should not include more than 50% carbonated liquid, as this will adversely affect the operation of the Beverage Fountain.
2. Add up to 1½ gallons of the prepared beverage to the BOWL.
    - The BOWL holds up to 1½ gallons when filled to maximum capacity.
    - Once you complete these steps and the unit is running, you may add up to 1 additional gallon of liquid to the BOWL (capacity of unit during operation is up to 2½ gallons).
  3. Plug the power transformer into an electrical outlet and plug the connector into the BASE.
    - The liquid will start flowing up through the OUTER TUBE and then down through the spouts located in each TIER to create a beautiful flowing fountain (at this point you may add up to 1 additional gallon of liquid).
    - During operation, bubbles will be created and a four-colored light will alternate colors through the INNER TUBE, adding to the ambience of your event!
  4. If you would like to refill the Rival™ Beverage Fountain during the course of your party, you may do so by adding more liquid to the BOWL.
  5. **IMPORTANT:** Before shutting off the fountain, observe the liquid level in the Bowl.
    - If the Bowl is more than half full while the unit is running, remove liquid until the Bowl is less than half full.
    - Use a cup to transfer the excess liquid to a pitcher-this will prevent overflow.
    - After shutting off the fountain, if it appears that the fountain is about to overflow, quickly plug it back in and remove more liquid.

## CLEANING AND MAINTENANCE

Before cleaning, unplug the power transformer from the wall and remove the connector from the BASE.

Before initial use and after each subsequent use, wash the BOWL, INNER TUBE, OUTER TUBE, and all three TIERS, SMALL TIER, CUPS and LADLE either in the dishwasher or with warm soapy water.

Do not use abrasive cleaners.

You may clean the the exterior of the BASE with a soft cloth a, damp cloth, and wipe dry.

**CAUTION:** Never immerse the BASE in water or other liquid.

## TROUBLESHOOTING

| Problem   | Solution   |
|---|--|
| BOWL does not fit firmly into base.   | <ul style="list-style-type: none"> <li>Remove all black foam packing rings from the bottom of the BOWL.</li> <li>Check that BOWL is aligned over base so the VALVE fits into the WATER PUMP UNIT.</li> </ul>   |
| INNER TUBE does not fit onto the center of the BOWL.  | <ul style="list-style-type: none"> <li>The INNER TUBE can only fit onto the center of the BOWL one way.</li> <li>Place the INNER TUBE over center of BOWL so the rounded groove on the INNER TUBE fits the WATER PUMP OUTLET on the BOWL.</li> </ul>   |
| OUTER TUBE fits loosely over INNER TUBE.  | <ul style="list-style-type: none"> <li>Rotate OUTER TUBE clockwise until it locks firmly into place.</li> </ul>  |
| FOUNTAIN is unstable.   | <ul style="list-style-type: none"> <li>Check that all pieces fit firmly in place.</li> <li>Make sure the fountain is on a flat, level surface.</li> </ul>  |
| FOUNTAIN does not work/liquid is not flowing.   | <ul style="list-style-type: none"> <li>Make sure all black foam packing rings are removed from the bottom of the BOWL.</li> <li>Check that bowl is aligned over base so the VALVE fits into the WATER PUMP UNIT, and is pressed firmly into place.</li> <li>Make sure unit is plugged in (connect power transformer to the electrical outlet and the base).</li> </ul> |
| SPOUTS on one side flow less than on the other/ liquid level is lower on one side of TIERS than on the other. | <ul style="list-style-type: none"> <li>Make sure fountain is on a flat, level surface.</li> <li>Ensure that BOWL is correctly seated into BASE with VALVE and WATER PUMP INPUT aligned.</li> <li>Make sure VALVE in the BOWL is slightly raised to allow liquid to flow freely into WATER PUMP UNIT.</li> </ul>  |

## TROUBLESHOOTING

| Problem  | Solution   |
|--|--|
| BOWL is overflowing.   | <ul style="list-style-type: none"> <li>• BOWL maximum capacity is 1½ gallons when fountain is off.</li> <li>• Make sure fountain is turned on and flowing before adding up to an additional 1 gallon of liquid (for a total of 2½ gallons maximum).</li> <li>• Before turning off the fountain, use a cup to transfer excess liquid into a pitcher if the BOWL is more than half full or if more than 1½ gallons are left in the entire unit.</li> <li>• After shutting off the fountain, if it appears that the fountain is about to overflow, quickly plug it back in and remove more liquid.</li> </ul> |
| Difficult to remove BOWL from BASE when taking apart fountain after use. | <ul style="list-style-type: none"> <li>• Securely hold BASE and pull BOWL up from BASE (BOWL does not twist off the BASE).</li> </ul>  |
| The fountain is making noise.  | <ul style="list-style-type: none"> <li>• Always operate the fountain <b>ONLY</b> when there is liquid in it.</li> </ul>  |
| The fountain is splashing.   | <ul style="list-style-type: none"> <li>• Make sure the FLOW COLLAR is placed on the OUTER TUBE correctly. Place the FLOW COLLAR so that the side reading "THIS SIDE UP" is facing upwards. Position the FLOW COLLAR so that the double arrows are facing upwards.</li> <li>• Make sure all four DOMES are placed securely on the STEMS in the LARGE TIER.</li> <li>• Rotate each tier so the spout placement is staggered.</li> <li>• NOTE: The liquid from the MEDIUM TIER should flow down through each SPOUT and onto the DOMES.</li> </ul>   |

## QUICK TIPS

- It is best to chill all ingredients before combining together — we recommend refrigerating overnight.
- Do not include more than 50% carbonated liquid in any beverage mixture, as this will adversely affect the operation of the Beverage Fountain (carbonated liquid examples include soda, champagne, seltzer water and sparkling wine).
- To optimize and preserve carbonation, we suggest adding carbonated beverages to the punch last.
- To complement any punch recipe, lightly moisten the rim of each punch cup with water, lemon or lime juice and dip each rim in sugar.
- For a lower calorie option, substitute diet or light versions of any beverage listed in our recipes.
- To keep your punch cold while in the Rival™ Beverage Fountain, you may add ice cubes to the BOWL. To prolong the flavor of the punch, you may want to prepare ice cubes using the punch itself or one of the juices included in your recipe (prepare in freezer the night before). Add ice cubes to BOWL just before beginning operation and add as needed.
- You may also garnish the punch with frozen or fresh fruits such as lemon or lime slices, strawberries, or raspberries (frozen fruits can also be used as an alternative to ice cubes).
- How much punch should you prepare for the occasion? A good measure is to allow about 1 gallon per group of 10 guests. This assumes two six-ounce servings of punch per guest. Adjust this estimate according to your taste, choice of punch (i.e. alcoholic vs. non-alcoholic) and what other food beverages you will be serving.

**QUICK TIPS (CONT.)****EASY MEASUREMENT CONVERSION CHART**

|               |  |
|---------------|--|
| 3 tablespoons | 1½ fluid ounces                              |
| 8 tablespoons | 4 fluid ounces; ½ cup                        |
| 1 cup         | 8 fluid ounces; ½ pint                       |

| Bottle/750 ml | 750 ml; 24.5 fluid ounces  |
| 1 liter       | 1 liter; 33.8 fluid ounces |

**QUICK TIPS (CONT.)**

- NOTE:**
- All recipes yield between 64 and 75 six-ounce servings, unless otherwise noted.
  - The recipes make enough quantity for initial use and to refill the beverage fountain as needed.
  - Recipes that work best with the Rival™ Beverage Fountain do not include high-pulp or slushy ingredients.

**WARNING:** If using alcohol in your beverage recipe, the alcohol must be less than 80 proof or have less than 40% alcohol content.

## RECIPES

All recipes yield between 64 and 75 six-ounce servings, unless otherwise noted.

### Recipes without Alcohol

#### REFRESHING RASPBERRY LEMONADE PUNCH

5 cups fresh raspberries, garnish  
2 liters lemon-lime soda, chilled  
6 12-ounce cans frozen raspberry lemonade concentrate

5 quarts water  
1½ tablespoons lime juice

In a large stock pot, combine raspberry lemonade concentrate, water and lime juice. Chill thoroughly. Just before serving, stir in lemon-lime soda. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with fresh raspberries and refill with punch as needed. Serve over ice. Serves 50 six-ounce servings.

#### SWEET TEA PUNCH

5 lemons, sliced thinly and frozen  
3-3½ gallons fresh or prepared sweetened iced tea

Chill iced tea and sweeten with sugar if necessary. Pour 1½ gallons of tea into bowl of fountain and plug in. Garnish with frozen lemon slices and refill as needed. Serve over ice.

#### SWEET SIXTEEN PINK LEMONADE PUNCH

3-3½ gallons fresh or prepared lemonade  
5 lemons, sliced thinly and frozen

1 cup grenadine

Chill lemonade and grenadine. Pour 1½ gallons into bowl of fountain and plug in. Garnish with lemons and refill with punch as needed. Serve over ice.

## RECIPES

#### BLUE RASPBERRY RAZAMATAZ

*For an adult version, add Blue Curaçao and vodka to taste just prior to chilling.*

1 gallon lemon-lime soda, chilled  
2 gallons Blue Raspberry sweetened, powdered juice drink mix, combined with water per instructions on package

In a large stockpot, combine juice and water as instructed on package. Place in refrigerator until well chilled. Just prior to serving, add soda. Pour 1½ gallons of punch into bowl of fountain and plug in. Refill with punch as needed.

#### 4<sup>th</sup> OF JULY PARTY PUNCH

1 gallon cranberry juice  
1 quart blueberry juice  
watermelon balls, chilled

1 gallon white grape juice  
1 gallon lemon-lime soda, chilled

Combine and chill juices in a large stock pot. Just prior to serving, add club soda. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with watermelon balls and refill with punch as needed. Serve over ice.

## RECIPES

### PRETTY IN PINK BABY SHOWER PUNCH

sugar syrup:

2 cups water 2 cups sugar

4 cups lemon juice 1-2 quarts pink raspberry sherbet  
10 cups white grape juice 3 liters club soda, chilled  
5 quarts unsweetened, decaffeinated tea, such a red zinger or cranberry-apple zinger

To prepare sugar syrup, combine sugar and water in a saucepan and place on stovetop set to high heat. Heat sugar and water until sugar is dissolved. Remove from heat and let cool. In a large stockpot, combine sugar syrup, lemon juice, tea and white grape juice. Just prior to serving, add club soda. Pour 1½ gallons of mixture into bowl of fountain and plug in. Garnish with scoops of sherbet and refill with punch as needed.

### LITTLE BOY BLUE BABY SHOWER PUNCH

sugar syrup:

2 cups water 2 cups sugar

4 cups lemon juice 3 quarts decaffeinated lemon or vanilla tea  
1 gallon white grape juice 3 liters club soda, chilled  
½ teaspoon blue food coloring 1-2 quarts pink raspberry sherbet

To prepare sugar syrup, combine sugar and water in a saucepan and place on stovetop set to high heat. Heat sugar and water until sugar is dissolved. Remove from heat and let cool. In a large stockpot, combine sugar syrup, lemon juice, tea and white grape juice. Just prior to serving, add club soda and food coloring. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with scoops of sherbet and refill with punch as needed.

## RECIPES

### CRANBERRY PARTY PUNCH

*(Great for Thanksgiving)*

1 gallon cranberry or cranapple juice 1 quart orange juice  
3 12-ounce cans frozen lemonade concentrate 3 quarts water  
4 liters ginger ale, chilled 1-2 quarts orange sherbet

Combine juices, frozen concentrate and water in a large stockpot. Place in refrigerator until well chilled. Just prior to serving, add ginger ale. Pour 1½ gallons of juice mixture into bowl of fountain and plug in. Garnish with orange sherbet and refill with punch as needed.

### TUTTI FRUITI BIRTHDAY PARTY PUNCH

2 gallons fruit punch, chilled 4-6 liters lemon-lime soda, chilled  
2 packages gummi worms, frozen

Just prior to serving, combine fruit punch and soda in a large stockpot. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with frozen gummi worms and refill with punch as needed.

### RUBY RED CITRUS PUNCH

4 12-ounce cans frozen orange juice concentrate 3 liters ginger ale, chilled  
4 12-ounce cans frozen lemonade concentrate oranges, lemons and limes, sliced  
2 gallons ruby red grapefruit juice, chilled

Dissolve orange and lemonade concentrates into grapefruit juice in a large stockpot. Place in refrigerator until well chilled. Just prior to serving, add ginger ale. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with citrus slices and refill with punch as needed. Serve over ice.

## RECIPES

### PERFECT PARTY PUNCH

2 quarts orange juice  
2 liters lemon-lime soda, chilled  
2 12-ounce cans frozen lemonade concentrate diluted with water and poured into ice cube trays and frozen

1 gallon cranberry juice  
1 gallon sweetened iced tea

Combine cranberry juice, orange juice and iced tea. Place in the refrigerator until well chilled. Just prior to serving, add soda. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with lemonade cubes and refill with punch as needed.

### INFUSED LEMON THAI BASIL ICED TEA PUNCH

3 gallons sweetened iced tea  
5 lemons, thinly sliced

2 large bunches Thai basil

Heat 2 quarts of iced tea in a large stockpot on stovetop set to high. Bring to a boil. Remove from heat and add Thai basil. Let basil steep for 15 minutes. Strain out basil. Add back the infused tea and stir in remaining iced tea. Place stockpot with tea in refrigerator until well chilled. Pour 1½ gallons of iced tea into bowl of fountain and plug in. Garnish with lemon slices and refill with punch as needed.

### ST. PATRICK'S DAY PUNCH

2 gallons lime-aid  
green food coloring (optional)

1 gallon lemon-lime soda, chilled  
1-2 quarts lime sherbet

Pour lime-aid into a large stockpot and place in refrigerator until well chilled. Just prior to serving, add lemon-lime soda and food coloring. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with scoopsful of lime sherbet and refill with punch as needed.

## RECIPES

### NON-ALCOHOLIC MIMOSA PUNCH

2 gallons orange juice  
6 750-ml non-alcoholic bottles champagne, chilled

2 quarts fresh strawberries, stemmed

Pour orange juice into a large stockpot and place into refrigerator until well chilled. Just prior to serving, add champagne. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with fresh strawberries and refill with punch as needed.

## Recipes with Alcohol

### TROPICAL MIMOSA PUNCH

1 750-ml bottle coconut flavored rum  
1 gallon pineapple juice  
4 oranges, sliced thinly

1½ gallons orange juice  
3 750-ml bottles champagne, chilled

In a large stockpot, combine rum, orange juice and pineapple juice. Place in refrigerator until well chilled. Just prior to serving, add champagne. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with orange slices and refill with punch as needed.

### MIMOSA BRUNCH PUNCH

2 gallons orange juice  
6 750-ml bottles champagne, chilled

2 quarts fresh strawberries, stemmed

Pour orange juice into a large stockpot and place in refrigerator until well chilled. Just prior to serving, add champagne. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with fresh strawberries and refill with punch as needed.

## RECIPES

### TROPICAL MADNESS PUNCH

|   |                             |
|---|-----------------------------|
| 1/2 gallon mango juice                        | 1 gallon pineapple juice    |
| 1 750-ml bottle light rum, less than 80 proof | 1 750-ml bottle coconut rum |
| 3 liters ginger ale, chilled                  | 2 liters lemon-lime soda    |
| 4 cups pineapple chunks, frozen               |                             |

In a large stockpot, combine juice and rums and place in refrigerator until well chilled. Just prior to serving, add sodas. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with frozen pineapple chunks and refill with punch as needed.

### TREE TRIMMING PUNCH

|  |                          |
|--|--------------------------|
| 2 gallons cranberry juice                          | 3 quarts orange juice    |
| 3/4 cup sugar                                      | 3/4 cup orange liquor    |
| 1 teaspoon cinnamon                                | 1/2 teaspoon allspice    |
| 1/4 teaspoon nutmeg                                | 4 oranges, thinly sliced |
| 1 750-ml bottle vodka to taste, less than 80 proof |                          |

Combine cranberry juice, orange juice, sugar, orange liquor, spices and vodka to taste in a large stockpot. Place in refrigerator until well chilled. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with orange slices and refill with punch as needed.

### RED SANGRIA PUNCH

*Use any type of red wine desired such as a Chilean Merlot and Cabernet Sauvignon blend or a light Italian Montepucchiano D'Abruzzi. Use only fruit that is at its peak in ripeness, any bitterness will affect the flavor of the sangria.*

|   |                    |
|---|--------------------|
| 2 gallons red wine  | 4 liters club soda |
| 1 cup brandy (optional)   |                    |
| fresh ripe fruit such as oranges, thinly sliced, cherries, pitted and halved, peaches, pitted and sliced, nectarines, pitted and sliced |                    |

In a large stockpot, chill and steep wine with fruit in refrigerator overnight, up to 24 hours, for maximum fruit infusion. Just before serving, add club soda and brandy. Pour 1½ gallons of punch into bowl of fountain and plug in. Refill fountain as needed.

## RECIPES

### WHITE SANGRIA PUNCH

*Use any type of white wine desired such as Sauvignon Blanc, Chardonnay or Pinot Grigio. Use only fruit that is at its peak in ripeness, any bitterness will affect the flavor of the sangria.*

|  |                    |
|--|--------------------|
| 2 gallons white wine   | 3 liters club soda |
| 1 cup brandy (optional)  |                    |
| fresh ripe fruit such as sliced, peeled kiwis, halved green grapes, oranges, lemons or limes, thinly sliced, peaches, pitted and sliced, nectarines, pitted and sliced |                    |

In a large stockpot, chill and steep wine with fruit in refrigerator overnight, up to 24 hours, for maximum fruit infusion. Just before serving, add club soda and brandy. Pour 1½ gallons of punch into bowl of fountain and plug in. Refill fountain as needed.

### EASY HOLIDAY EGG NOG PUNCH

*Replace the brandy, rum and apple cider flavored brandy with equal parts bourbon, cognac and vanilla if desired.*

|  |                                |
|--|--------------------------------|
| 2 1/2 gallons prepared eggnog or light eggnog              | 3 cups rum, less than 80 proof |
| 3 cups apple cider flavored brandy                         | freshly grated nutmeg          |
| 1/2 - 2 750-ml bottles brandy to taste, less than 80 proof |                                |

In a large stockpot, combine eggnog, rum, apple cider flavored brandy and brandy to taste and place in refrigerator until well chilled. Pour 1½ gallons of mixture into bowl of fountain and plug in. Garnish with nutmeg and refill with punch as needed.

**RECIPES****COSMOPOLITAN PARTY PUNCH**

|  |                                   |
|--|-----------------------------------|
| 3 cups lime juice                        | 3 cups orange liquor              |
| 2 gallons cranberry juice                | 5 limes, sliced thinly and frozen |
| 2-4 750-ml bottles citron vodka to taste |                                   |

Combine lime juice, orange liquor, cranberry juice and vodka to taste. Place in the refrigerator until well chilled. Pour 1½ gallons of punch into bowl of fountain and plug in. Garnish with frozen lime slices and refill with punch as needed.

**MARGARITA PUNCH**

|                                |  |
|--------------------------------|--|
| 4 750-ml bottles orange liquor | 4 quarts lime juice                            |
| 5½ cups sugar                  | 4-8 750-ml bottles tequila, less than 80 proof |
| 1 cup sugar for punch cup rims | 8 limes, 2 cut into wedges and 6 sliced thinly |

In a large stockpot, orange liquor, lime juice, 5½ cups sugar and tequila to taste. Stir vigorously to dissolve sugar. Place in refrigerator until well chilled. Pour 1½ gallons of margarita punch into bowl of fountain and plug in. Place sugar on a plate and rub lime wedges around punch cup rims. Dip rim of punch cups into sugar and serve punch over ice. Garnish with lime slices. Refill fountain will punch as needed.

**NEW YEAR'S EVE CHAMPAGNE PUNCH**

|  |                                     |
|--|-------------------------------------|
| 3 cups orange liquor                             | 3 cups brandy                       |
| 2 cups chambour                                  | 1 ½ gallons pineapple juice         |
| 2 liters ginger ale, chilled                     | 2 750-ml bottles champagne, chilled |
| 2 quarts strawberries, stems removed and chilled |                                     |

In a large stockpot, orange liquor, brandy, chambour and pineapple juice. Place in refrigerator until well chilled. Just prior to serving, add chilled ginger ale and champagne. Pour 1½ gallons of punch to bowl of fountain and plug in. Garnish with strawberries and refill with punch as needed.

**RECIPES****PAINKILLER PARTY PUNCH**

|   |  |
|---|--|
| 1 gallon pineapple juice                        | 1½ quarts (48 ounces) cream of coconut |
| 1 ½ quarts orange juice                         | nutmeg                                 |
| 3-4 750-ml bottles dark rum, less than 80 proof |  |

Combine pineapple juice, cream of coconut, orange juice and rum to taste in a large stockpot. Stir vigorously with a whisk to blend. Place into refrigerator until well chilled. Pour 1½ gallons of punch into bowl of fountain and plug in. Serve over ice and garnish with nutmeg. Refill fountain with punch as needed. Serves 45-54 six-ounce servings.

**STRAWBERRY CHAMPAGNE PUNCH**

|   |                          |
|---|--------------------------|
| 6 750-ml bottles champagne, chilled                       | 4 cups fresh lemon juice |
| 5 750-ml bottles rosé wine                                | sugar to taste           |
| 4 10-ounce packages frozen sweetened strawberries, thawed |                          |

Puree the strawberries in a blender or food processor, adding a little rosé wine if necessary. In a large stockpot, combine strawberries, remaining rosé, lemon juice and sugar. Place in refrigerator until well chilled. Just prior to serving, add the chilled champagne to the punch. Pour 1½ gallons of punch into bowl of fountain and plug in. Refill with punch as needed. Serves 56 six-ounce servings.
