

Manitowoc

K00175 WATER FILTER BIN BRACKET

Installation Instructions

1. Water filter bin bracket can be used to mount all Tri-eliminators water filter assemblies on either side or back of any Manitowoc ice bin.
2. Remove foam tape from area where bracket is to be mounted, hang bracket, and install foam tape, provided with kit, over top of bracket. Locate ice machine, per installation instructions.
3. Using screws and flatwashers provided, fasten Tri-eliminator assembly to bracket.
4. Using two grommets, insert into holes in bracket.
