Wall Bracket Series

Wall Cloud Series

DESCRIPTION

The Metalux Residential Wall Bracket Series is an energy efficient luminaire designed for versatility in application and performance. The series feature an opal white acrylic refractor that produces a 180° uniform light distribution pattern. The versatile Wall Bracket Series combines quality and economy in a multi-purpose wall bracket. The luminaire is perfect for illuminating corridors, stairwells, lavatories, dressing rooms, basements, utility/task and area lighting.

The Wall Cloud Series incorporates a vacuum formed soft white acrylic lens for more residential appeal.
