INSTRUCTION

Ages 2 and up
Item No. 59402

MESSAGE TO PARENTS

Thank you for bringing home LAPTOP COMPUTER FUN WITH BOB. This is a wonderful educational product for your child. It's exciting to learn with Bob!

Bob will help your child to learn about colors, numbers, shapes, and music! These are fundamental skills combined to form the building blocks for future development.

Please read the instructions carefully and learn about the many different features of LAPTOP COMPUTER FUN WITH BOB. This will allow you to explain them to your child in a way that is easy for them to understand.

Please note: LAPTOP COMPUTER FUN WITH BOB will not understand a response from your child if it is made while the unit is talking or making a sound. Please be sure not to answer any questions while the unit is talking or making a sound or it may not understand your response.

ON

Press this button to turn the unit ON.

OFF

Press this button to turn the unit OFF.

MODE SWITCH

Slide this switch to select between the three different modes of learning: MUSIC, QUIZ and TEACH.

NUMBER BUTTONS

Use the NUMBER buttons (1-10) to learn about numbers and also to identify some of your favorite characters and objects from the world of Bob.

SHAPE BUTTONS

Press the SHAPE buttons (there are 8 of them) to identify shapes and colors in the QUIZ and TEACH modes.

In the MUSIC mode, when you press a shape button, you will hear a musical note. Experiment with different "notes" to write your own songs!

WHEN TO REPLACE BATTERIES

Change the batteries when Bob's voice becomes garbled or seems to be slowing down during play.

To ensure proper function:

- Do not mix old and new batteries.
- Do not mix alkaline, standard or rechargeable batteries.
- Battery installation should be done by an adult.
- Non-rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed from the toy before being charged (if removable).
- Rechargeable batteries are only to be charged under adult supervision (if removable).
- Only batteries of the same or equivalent type as recommended are to be used.
- Batteries are to be inserted with the correct polarity.
- Exhausted batteries are to be removed from the toy.
- The supply terminals are not to be short-circuited.

WARNING: DO NOT DISPOSE OF BATTERIES IN FIRE. BATTERIES MAY EXPLODE OR LEAK.

TAKING CARE OF LAPTOP COMPUTER FUN WITH BOB

To protect your LAPTOP COMPUTER FUN WITH BOB, follow these instructions:

Prevent spills of food and beverage on the unit.

Do not submerge the product in water. If the product needs to be cleaned, wipe gently with a barely damp, soft cloth.

Do not throw or kick the product, and do not push sharp objects through the speaker openings.

HOW TO PLAY

LAPTOP COMPUTER FUN WITH BOB combines the fun of a very unique computer keyboard and screen with the friendly world of BOB THE BUILDER to encourage learning. With numbers, shapes, loads of characters and objects to learn about and Bob's friendly voice, the learning fun goes on for hours.

Choose the mode/way you wish to play: TEACH, MUSIC or QUIZ. Then press the ON button to start having fun with Bob!

TEACH MODE

In the TEACH mode, Bob encourages you to "PRESS A BUTTON!"

You can press a NUMBER button or a SHAPE button to identify each of the buttons.

When you press a number button, Bob tells you the name of the number and even counts out the number for you! As Bob counts, you will see the correct number of nails appear on screen!

When you press a SHAPE button, Bob tells you the COLOR and SHAPE and then shows how the shape fits into Bob's world by expanding the animation into an exciting scene!

You can always press the ENTER button to see and hear funny computer sights and sounds.

You can always press the MUSIC button to hear the Bob theme song!

RESET

Press with a ballpoint pen to reset the game if your unit malfunctions.

MUSIC MODE

When you select the MUSIC mode, you'll see musical notes scrolling across the screen.

In the MUSIC mode, you will meet many of Bob's friends and enjoy the tools that he and Wendy use in their work!

Press any of the ten NUMBER buttons to see a friend or a tool! Some of the tools are used on construction sites. Other tools are used in Bob's office!

When you press one of the SHAPE buttons, you will hear a note of music. There are 8 shape buttons and so there are eight different musical notes to hear! You can make up your own songs by pressing these SHAPE buttons or experiment with them to play some of your favorite songs!

Of course, always feel free to press the ENTER button to hear and see the computer sounds and sights – or press the MUSIC button to hear the Bob theme song!

QUIZ

In the QUIZ mode, Bob will ask you lots of questions. For example, he'll say, "CAN YOU FIND BIRD?"

Use the NUMBER buttons to find which button holds BIRD.

In all questions, you will be given 3 tries. After the third try, Bob will move on to another question.

Or perhaps Bob will say, "CAN YOU FIND THE GREEN OVAL?" The shape buttons are located across the keys at the bottom.

Bob will sometimes ask "NUMBER" questions. For example, Bob might say, "WHAT COMES AFTER THE NUMBER FIVE?"

Use the NUMBER buttons. In this case, the correct answer would be pressing the "6" button.

So in this mode, you will use the NUMBER buttons to select both numbers and characters. So the NUMBER buttons do "double-duty" in this mode!

In QUIZ mode, you and your child face a whole wonderful world of questions about numbers, shapes, colors, characters, and tools!

Of course, you can press the ENTER button at any time to hear and see the computer animations.

Don't forget to press the MUSIC button to hear the Bob theme song as well!

ENCOURAGING WORDS AND ACTIONS

In the QUIZ MODE, Bob encourages your child by counting numbers with you when you select a correct number. When you select a correct shape, Bob will show you a longer animation as a reward! Throughout play, Bob's steady and reassuring voice takes you through all the learning tasks!

Wendy will often appear on screen as well, saying, "YOU CAN DO IT!" And of course, you can!

COUNTING TOGETHER

Bob loves to count! On a regular basis throughout play in the QUIZ mode, Bob will automatically say, "LET'S COUNT TOGETHER TO THE NUMBER...." Each time, he will automatically count up to a different number. As Bob counts, he shows the corresponding number of nails on your computer screen!

TURNING THE UNIT OFF

LAPTOP COMPUTER FUN WITH BOB has an automatic shut-off feature to help prolong battery life. After a brief period of inactivity, Bob prompts your child for a response. If your child doesn't respond by doing a task or pressing a button, Bob will repeat the prompt again. If there is still no activity, the LAPTOP COMPUTER FUN WITH BOB will then automatically turn itself off. Pressing the "ON" button can then restart the toy.

NOTE: Your child needs to wait until after Bob has stopped talking before pressing a button or shape or before using a tool. Presses or activity made while Bob is still speaking will not register.
