

P61939

61" (Diagonal) Slimline Projection Television

Features	Benefits
Home Theatre [™] Video System with 900 Lines of Horizontal Resolution ²	Advanced circuitry delivers outstanding picture performance.
Digital Focus / Dynamic Focus - Computer-Aligned 10-bit Digital Circuitry	Provides precise, consistent picture performance. Maximizes brightness with sharper corner focus ensuring a beautifully detailed picture across the entire screen.
3-Line Digital Comb Filter	Enhances picture resolution by eliminating blurred edges between colors and reducing dot crawl, producing a new level of picture sharpness and detail.
High-Performance Scan Velocity Modulation	Improved SVM circuitry automatically varies the scanning speed of the picture tube's electron beam to improve sharpness and detail especially in high contrast areas.
GUIDE Plus+ GOLD ¹ On-Screen Program Guide	Find out What's On! Guide is a free, built-in service that provides instant listings of all your TV shows at the touch of a button.
Advanced Twin-Tuner™ Picture-in-Picture	Watch two channels at once - no need for second video source. Additional features include Continuous Move and Commercial Skip-to-PIP.
Master Touch® Universal Glo-in-the-Dark Remote	Ergonomic design provides TV operation plus primary functions of most brands of remote-controllable VCRs and cable boxes.
