### Great to look at, great to listen to!

The SBC BP015 passive loudspeaker system provides ample power and very high-quality sounds. The stylishly designed, compact speakers click together for easy storage and feature impact bumpers for safe carrying. The perfect way to share music with friends.

### Stylish speaker set with 1000mW output power

The SBC BP015 produces very high-quality sound with an impressive power output.

### Bass reflex system for punchy bass sounds

Bass reflex technology ensures plenty of punchy bass performance for full musical enjoyment.

### Click-together system for easy carrying and storage

Speakers can be clicked together when not in use for convenient carrying or storing.

### Impact bumpers

Two reinforced and scratch-resistant side panels prevent the speakers from damage.
