MODEL AMC650r
IN-WALL SYSTEM

AMC650r

COMPACT FLUSH-MOUNT SPEAKER PERFECT FOR CEILING AND WALLS

The AMC650r utilizes our custom waveguide, giving the sound of a large speaker in the most compact design possible. Unlike other coaxial designs, the angled waveguide assures remarkable clarity and imaging. As with every Snell speaker, the AMC650r is hand tuned by our technicians to ensure that each pair sounds as crisp and detailed as our design engineers intended.
