# Get the advanced features and speed you need to boost your productivity!

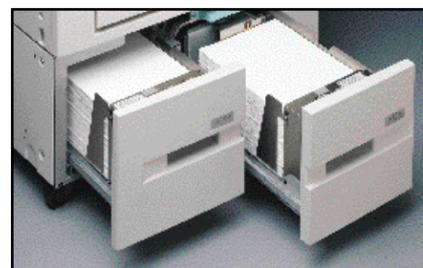

Every business needs a high performance copier to boost productivity. That's why Canon designed the C400D copier. With a copy speed of 40 copies per minute and Automatic Duplexing, you'll cut your copy time and expenses! Plus, the optional Recirculating Document Feeder automatically handles both two-sided originals AND different size originals. Its convenient design allows you to customize the C400D with various accessories to meet your copying needs. What's more, the C400D is equipped with a range of productivity-enhancing features to provide you with the tools you need to succeed in today's competitive market. The high performance Canon C400D copier is the choice for your mid-volume copying needs.

## C400D

- 40 copies per minute
- The optional **Recirculating Document Feeder (RDF)** is designed to feed originals at 40 copies per minute. It accepts both different size originals and two-sided originals.

- **Dual front-loading, user - adjustable 500-sheet paper cassettes** accept all standard paper sizes, from statement through ledger.
- Convenient **Single Sheet Bypass** for odd paper sizes, overhead transparencies, letterhead and labels.
- Optional 3,000-sheet front-loading letter-sized **Paper Deck Pedestal** means adding paper less frequently.

### COPYING FUNCTIONS THAT SAVE TIME AND MONEY

- **Automatic Duplexing** using the optional RDF lets you utilize standard duplexing to make one-sided originals into two-sided copies, two-sided originals into two-sided copies, and even separates two-sided originals into one-sided copies.
- **Limitless Duplexing** utilizing the optional RDF and one of the five finishing options available, allows you to program up to 999 sets of a two-sided document as a single job.

### CONVENIENT FINISHING OPTIONS

- Two optional **20-bin Sorters** collate up to twenty 50-page sets.
- The optional **20-bin Stapler Sorter** produces up to 20 individually stapled sets of multi-page documents.
- The optional **Auto Stapler** individually collates and staples up to 30 sets of multi-page copies, one at a time.

- The optional **Auto Stapler Folder** folds copies in half or into convenient Z-folds for ledger-size copies.
- **Limitless Sorting** allows you to program up to 999 sets as a single

job using the RDF and Sorter-B1 or Stapler Sorter-A1.

### ADVANCED FEATURES FOR HIGHER PRODUCTIVITY

- Wide range **Zoom** from 50% - 200% in 1% increments.
- 7 easy-to-use **Preset Reduction / Enlargement** ratios quickly fit documents to letter, legal or ledger-sized paper.
- **Auto Magnification** takes the guesswork out of copying by reducing or enlarging images to fit the desired paper size.
- **Auto Paper Selection** makes sure the appropriate paper size is used based on the size of the original and selected zoom ratio.

- **Automatic Exposure** ensures clear copies by setting the correct contrast for hard to view originals such as color background documents.
- **Auto Cassette Switching** recognizes when you run out of paper and automatically switches to a secondary source of the same size paper without interrupting your copy run.

- **Auto Start** allows you to turn on the copier, program a job, and walk away. The job will automatically run as soon as the copier warm-up cycle is complete.
- **Auto Shut-Off** turns the copier off automatically after a specified period of non-use.

- **Auto Reset** automatically returns the copier to its default settings after a preset time period of non-use (the reset period is user-adjustable from 0-9 minutes).
- **Interrupt Mode** stops the current copying job to allow you to make priority copies, then completes the original job.

- **Memory Mode** allows you to store two preprogrammed jobs and recall them at the touch of a button.
- **Standby Mode** conserves energy whereby partial fusing heat is maintained so that a full warm-up period is not necessary for the next copy job.

### SPECIAL COPYING JOBS

- **Photo Mode** enhances the ability to copy halftones or photographs for a brighter copy.
- **Two-Page Separation** lets you copy two facing pages from books or bound documents onto two separate sheets without moving the original.

### COPY MANAGEMENT MADE EASY

- **ID Mode** accommodates up to 25 four-digit account numbers to easily track the number of copies made for each account.
- Copy management is easy with the optional **Control Card** which can track up to 200 users. The **Control Card Printer** provides a record of the number of copies produced per user, giving you great control and added security.
