Details

Cabinet Construction

- Exterior: Galvanized metal cabinet with impact resistant extruded plastic accent panels - gray.
- Large low-E double pane tempered thermal glass side panels for increased product visibility.
- Interior: Epoxy powder coated steel for increased durability and easy cleaning.
- High-density, CFC-Free, polyurethane insulation.
- Low profile fixed wheels allow for easy movement of unit and facilitate cleaning of surrounding area.

Shelving

- Two (2) heavy duty epoxy powder coated steel shelves:
 - Upper: 24" x 11 3/4" (610 x 300)
 - Lower: 24" x 14 3/4" (610 x 376)
- All shelves are dual position allowing for horizontal or gravity fed positions, and are adjustable in 1" increments.
- Designed to allow use of shelf pricing strips.

Lighting

- Fluorescent vertical lights mounted in each post provide for maximum illumination of products.
- Utilizes T8 bulbs and an electronic ballast for increased energy efficiency and extended life.

Electrical

- Ready for connection to 115V/60Hz single phase 20 amp dedicated outlet.
- Includes an 8' cord and plug set.

NEMA 5-15R

Refrigeration System

- Self-contained environmentally-friendly refrigeration system using CFC-free R404A refrigerant.
- Self-contained heated drain pan and condensate evaporation system.
- Automatic self-defrost cycle.
- Electronic temperature control with digital readout maintains 34°F to 41°F (1°C to 5°C).
- Bottom mounted refrigeration unit slides out for easy maintenance and service.

Recommended Operating Conditions

- This unit is best suited for an environment where temperatures remain below 80°F (24°C) and humidity does not exceed 55%.
- Open Air models should not be installed in any area where the air curtain will be frequently disrupted. This includes placement near an HVAC vent, open doorway, or fan.
- Areas with direct sunlight should also be avoided.

Options

- 208-230V/ 50Hz
- Custom Graphics
- Additional Shelves
- Pricing Strips
- 3" heavy duty casters
- Various Cabinet Colors
