Power Spot 700 CMY II Dimensions

The Power Spot 700 CMY II by Elation Professional is a 700W CMY color mixing moving head hybrid (spot or wash in one) with use of the variable frost effect. Featuring CMY color system plus a fixed color wheel with 8 static colors as well as variable CTO, two gobo wheels with 9 fixed and 7 rotating gobos featuring the new Quick Snap™ rotating gobo and animation wheel system. The animation wheel can simulate effects such as running water, fire, clouds, etc. Additional effects include rotating 3-facet prism, Iris, mechanical dimmer / shutter system. This unit includes a motorized variable zoom beam angle from 14° to 32° and is equipped with unique modular internal construction allowing for easy access to key components. Control data input is via 3 pin or 5 pin DMX data connections first in and out cables. The unit's lamp fuse housing holds a 250v/10A GMA fuse (120v operation). The Power Spot 700 CMY II is equipped with the Philips MSR700 SA/2 Gold lamp and is IP20 rated, designed for indoor applications only and features a multi-voltage electronic ballast and power supply. Rigging for this unit includes 2 x 1/4 turn omega brackets. Additional gobos and animation wheels are supplied.
