

Information

FCC/CE Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if no installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio technician for help.

CE Declaration of Conformity

We, Belkin Components, declare under our sole responsibility that the F1D201, to which this declaration relates, is in conformity with Generic Emissions Standard EN50081-1 and with Generic Immunity Standard EN50082-1 1992.

Warranty Information

Belkin Components One Year Product Warranty

Belkin Components warrants this product against defects in materials and workmanship for one year. If a defect is discovered, Belkin will, at its option, repair or replace the product at no charge provided it is returned during the warranty period, with transportation charges prepaid, to the authorized Belkin dealer from whom you purchased the product. Proof of purchase may be required. This warranty does not apply if the product has been damaged by accident, abuse, misuse, or misapplication; if the product has been modified without the written permission of Belkin; or if any Belkin serial number has been removed or defaced.

THE WARRANTY AND REMEDIES SET FORTH ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHERS, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED. BELKIN SPECIFICALLY DISCLAIMS ANY AND ALL IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

No Belkin dealer, agent, or employee is authorized to make any modification, extension, or addition to this warranty.

Introduction

Thank you for purchasing the Belkin Components 2-Port Reverse KVM Switch! Now, you and a colleague can use one computer from two keyboards, mice, and monitors. Ideal for training or workstation sharing. Switching between consoles is completely automatic, and the computer does not even know the difference.

Package Contents

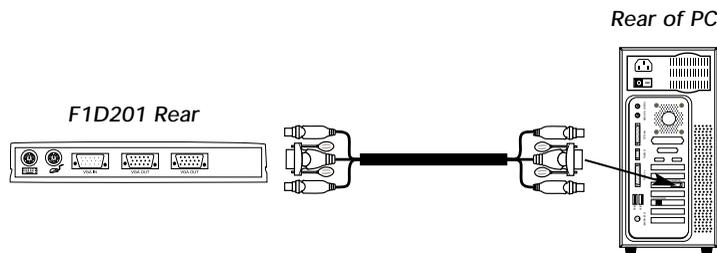

- 2-Port Reverse KVM Switch
- PS/2 KVM cable, 3-foot
- Power adapter, 9VDC, 600mA
- This manual
- Registration card

Product Detail

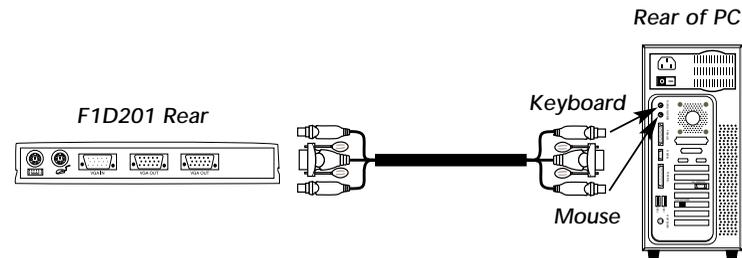

Installation

1. Power off your computer.
2. Using the included KVM cable, connect the male VGA end to the VGA port on your computer.

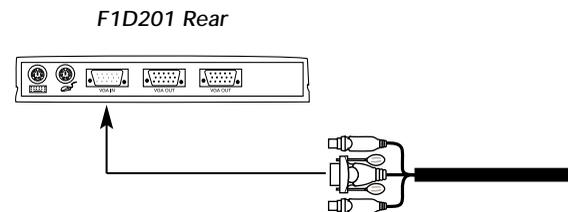

Installation (continued)

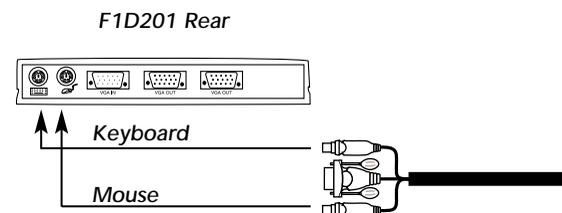

3. Connect the PS/2 ends to the keyboard and mouse port, paying particular attention to which cable connects to which port. They are not interchangeable.

4. Connect the female end of the VGA cable to the male VGA input port on the back of the Reverse KVM Switch.

5. Connect the PS/2 cables to their appropriate keyboard or mouse input ports at the back of the Reverse KVM Switch.

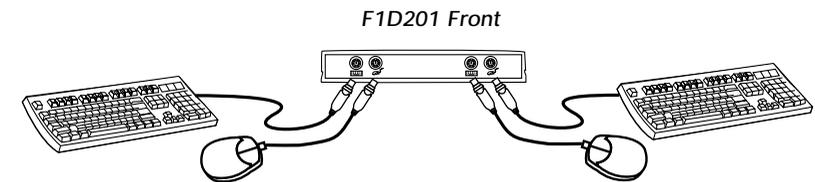

Installation (continued)

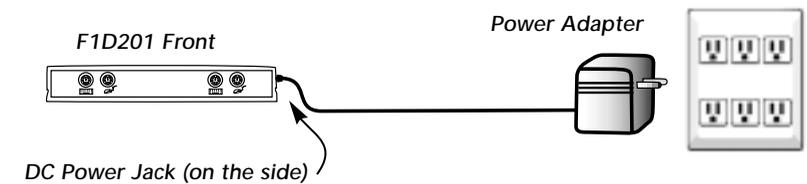

6. Connect your monitors to the back of the Reverse KVM Switch.

7. Connect your keyboards and mice to the console ports at the front of the Reverse KVM Switch.

8. Plug in the power adapter into the power jack of the Reverse KVM and plug the adapter into an AC receptacle.

That's it! You're done!
You may power up your PC now.
