

CUTTING DECK PARK

DECK PARK 95 COMBI
EL 4WD

Deck Park 95 Combi EI 4WD

A front-mounted cutting deck with 95 cm cutting width for Stiga Park.

95 Combi deck cuts with high tip speed and has large volume for the cut grass. Combined this makes high performance multiclip result. A plugg can easily be dismantled to get a rear-discharge mode. The deck cuts with excellent result.

The deck has a tubular frame in the lower edge, which makes the deck gentle to tree trunks and at the same time protective. Equipped with professional bearing boxes. The deck can be raised and angled into a cleaning position without removing the belt.

Fits Park from model year 2006. Park 4WD models from 2004-2006 must be complemented with attachment 13-0983-11.
