

# Cinefold

## Specifications—Cinefold

\_\_\_\_\_ screens shall be Cinefold Portable Folding Projection Screens, size \_\_\_\_\_, by Draper, Inc., of Spiceland, IN.

Frame of sturdy 1" square clear anodized aluminum tubing. All hardware is cadmium plated to resist rust. Frame attaches to legs with Handy Cranks—no tools required. All components labeled and color coded for easy assembly. Viewing surface snaps on to frame for a smooth, wrinkle-free projection area. Entire unit folds into compact, luggage-like carrying case for traveling. Viewing Surface of (Flexible Matt White/optional Cineflex rear projection) to be washable, and packaged in a soft leatherette carrying case. Flexible matt white reflects crisp, bright images with excellent color rendition under darkened or semi-darkened conditions. Lightly embossed for uniform light distribution. Broad viewing angles for crowded rooms and large audiences. Neutral grey Cineflex flexible vinyl is composed of millions of invisible, light-diffusing optical lenses. Its superior diffusion provides uniform brightness over a wide viewing cone, without "hot spots."

## Cinefold Accessories

**Heavy-Duty Legs**—Extra reinforcement against front-to-back movement. Recommended for any Cinefold 9' x 9' or larger; required with Dress Kits.

**Anti-Sway Stabilizers**—Reinforce against side-to-side movement. May be mounted either inside or outside Cinefold leg. Recommended for any Cinefold over 10'6" x 14'; required with Dress Kits.

**Hinge Clamps and Masking Strips**—Joins two or more screens for multi-screen setups. Hinge clamp allows positioning of screens at any angle desired, masking strips conceal hardware and provide picture continuity. White masking for matt white; black for Cineflex. Straight clamps also available.

**Cinefold Carrying Case**—This attractive new case offers many features for longer life and convenience. Built of polyethylene, with all belts, buckles, and handles recessed into the top of the case for easy stacking and moving. Wheels are optionally available, and each end is equipped with a handle and a label holder. Luggage-style buckles are easy to fasten.
