Important Safety Instructions

120V					
Make sure the power cord meets all relevant local safety standards.	Place the printer near a wall outlet where the power cord can be easily unplugged.	Use only the power cord that comes with the printer. Use of another cord may cause fire or shock. Do not use the cord with any other equipment.	Use only the type of power source indicated on the label.	Do not let the power cord become damaged or frayed.	Do not open the scanner unit while copying, printing, or scanning.

Do not use aerosol products that contain flammable gases inside or around the printer. Doing so may cause fire.	Except as specifically explained in your documentation, do not attempt to service the printer yourself.	Keep ink cartridges out of the reach of children and do not drink the ink.	Do not shake ink cartridges after opening their packages; this can cause leakage.	If you remove an ink cartridge for later use, protect the ink supply area from dirt and dust and store it in the same environment as the printer. Do not touch the ink supply port or surrounding area.	If ink gets on your skin, wash it off with soap and water. If it gets in your eyes, flush them immediately with water. If you still have discomfort or vision problems, see a doctor immediately.

Guide to Control Panel

a	b	c
⏻ **On**	⊘ **Stop**	▦ [**Print Index Sheet A4**]
Turns the printer on/off.	Stops copying/printing. The sheet being printed is ejected and the number of copies is reset. Press to replace expended ink cartridges. Cleans the print head when pressed and held for three seconds.	Prints an index sheet of the photos.

Control panel design varies by area.

d	e	f	g	h
🖼 [**Print from Index Sheet**]	🖨 **Copies**	**Paper Select**	✧ **Start** ● [**B&W**]	✧ **Start** 0000 [**Color**]
Prints the photos selected on the index sheet.	Sets the number of copies. The number in the window increases from 1 up to 9, then ☰, and then starts again from 1.	Selects between 📄 [**A4 Plain Paper**] and 🖼 [**4" × 6" Photo Paper**] for the paper loaded in the sheet feeder.	Copies in black and white.	Copies in color or starts memory card printing.

Using the LCD Screen

Loading Paper

➊

Open and slide out.

➋

Flip forward.

➌

Load printable side up.

➍

Fit.

🖉

Align the edges of the paper before loading.

🖉

Do not use paper with binder holes.

Placing Originals

1

Open.

2

Place face down horizontally.

3

Place image in the corner.

4

Close.

Copying Photos

➊ 📖 ➡ 14

Load paper printable side up.

➋

Place face down horizontally.

➌

Select the number of copies.

➍

Select ▣ **10x15/4"x6"**.

➎

Start copying.

✎

To fit copies to the paper size, hold down ◇ **Start** for three seconds. This function depends on the paper type. Select photo paper (▣ **10x15/4"x6"**) for borderless or select plain paper (🗍 **A4**) for borders.

Copying Documents

A 📖 ➡ 14

Load paper printable side up.

B

Place face down.

C

Select the number of copies.

D

Select 🔲 **A4**.

E

Start copying in B&W or Color.

✐

You can speed up copying, however the print quality declines. In step 5, while pressing ⊘ **Stop**, press ◇ **Start**. When the ⏻ light starts flashing, release the buttons.

Inserting a Memory Card

❶

Insert one card at a time.

❷

Check the light.

> ⚠️ Do not try to force the card all the way into the slot. It should not be fully inserted.

Removing a Memory Card

❶

Check the light.

❷

Remove.

✏️

●	☀️●
On	Flashing

	xD-Picture Card	SD Memory Card	miniSD *	microSD *	Memory Stick	Memory Stick Duo *	Memory Stick Micro *
	xD-Picture Card Type M	SDHC Memory Card	miniSDHC *	microSDHC *	Memory Stick Pro	Memory Stick Pro Duo *	
	xD-Picture Card Type H	MultiMediaCard			MagicGate Memory Stick	MagicGate Memory Stick Duo *	

	Compact Flash	Microdrive

*Adapter required

> ⚠
>
> If the memory card needs an adapter then attach it before inserting the card into the slot, otherwise the card may get stuck.

Printing Photos

Select photos on the index sheet (A4), then scan it to print photos.

A □ ➡ 14

Load A4-size plain paper.

B

Insert one memory card.

C

Print Index Sheet.

4

Check ▲ aligns with the corner.

5

Select a paper size.

6

Select border or borderless.

7

Select to print with a date stamp.

8

Select the number of copies.

9

Place face down.

10

Load photo paper.

11

Start printing photos.

If you have more than one index sheet, wait each time until printing is complete. Then repeat the steps above to scan and print from each additional sheet.

Printing from a Digital Camera

Compatibility	PictBridge
File Format	JPEG
Image size	80 × 80 pixels to 9200 × 9200 pixels

❶

Remove.

❷

Select ▣ **10x15/4"x6"**.

❸

Load paper.

❹

Connect and turn on.

➎

See the camera's guide to print.

Depending on the settings on this printer and the digital camera, some combinations of paper type, size, and layout may not be supported.

Some of the settings on your digital camera may not be reflected in the output.

Maintenance

Checking the Nozzles

❶

Turn off.

❷ 📖 ➡ 14

Load A4-size plain paper.

❸

While pressing ⊘, press ⏻.

---

❹

(a)

(b)

Check pattern.

(a) - Good.

(b) - Not Good. Your printout has gaps. Clean the print head. 📖 ➡ 27

Cleaning the Print Head

✏

Make sure the printer is on and the ♦ light is off. Cleaning uses ink, so only clean if quality declines.

➊

Hold down ◎ for 3 seconds.

➋

Cleaning finished.

➌ 📖 ➡ 26

Check nozzles.

✏

If it does not improve after cleaning four times, turn off the printer for at least six hours. Then try cleaning the print head again. If quality does not improve, one of the ink cartridges may need to be replaced. If quality is a problem after replacing the cartridges, contact your dealer.

Aligning the Print Head

1

Turn off.

2 📖 ➡ 14

Load A4-size plain paper.

3

While pressing 🗇, press ⏻.

4

Select the most solid pattern.

5

Select the number for pattern #1.

6

Set.

7

Repeat **5** and **6** for all patterns.

Solving Problems

Error Indicators

Check the lights on the control panel and the code or letter in the 🄫 Copies windows to diagnose the problem.
● = On ● = Flashing

Lights/Code	Cause	Action
● ⏏	No paper is loaded in the sheet feeder.	Load paper in the sheet feeder. □ ➡ 14 Then press ◇ **Start** 0000 [**Color**] to continue or ⊘ **Stop** to cancel.
	Multiple pages have been fed into the sheet feeder.	
● ⏏	Paper is jammed.	Clear the jammed paper. □ ➡ 39
● ♦	An ink cartridge is running low on ink.	You can check the ink status from your computer. Obtain a replacement ink cartridge.
● ♦	An ink cartridge is expended or not installed correctly.	If any cartridge is expended, you cannot print until you replace it. Replace the ink cartridge. □ ➡ 34
● ⏏ 🄫 **Copies** _I_	An unsupported memory card is inserted.	Remove the memory card. □ ➡ 18
	The memory card does not contain any valid images.	
● ⏏ 🄫 **Copies** _2_	The index sheet was not recognized because it is not positioned correctly.	Position the index sheet correctly on the document table, aligning the top of it with the right edge of the glass. Then press ◇ **Start** 0000 [**Color**] to continue or ⊘ **Stop** to cancel. The index sheet was not printed correctly. Print the index sheet, mark it, and try again. □ ➡ 20
● ⏏ 🄫 **Copies** _3_	The index sheet is not marked correctly.	Remove the index sheet, mark it correctly, and try again. □ ➡ 20
● ⏏ 🄫 **Copies** _4_	The index sheet does not match the photos on the memory card.	Remove the memory card and insert the card used to print the index sheet—or place the correct index sheet on the document table. Then press ◇ **Start** 0000 [**Color**] to continue or ⊘ **Stop** to cancel.
● ⏏ 🄫 **Copies** _H_	An unsupported device (HUB) is connected.	Remove the HUB.
● ⏏ 🄫 **Copies** _P_	An unsupported device is connected.	Remove the connected device or press the ⊘ **Stop**.
● ⏻, ● ⏏, ● ♦ 🄫 **Copies** _E_	The waste ink pad in the printer is saturated.	Contact your dealer to replace it.
● All lights 🄫 **Copies** _E_	There is a problem with the printer.	Turn the printer off and then back on. If the error does not clear, contact your dealer.

Replacing Ink Cartridges

⚠ Ink Cartridge Handling Precautions

❏ Never move the print head by hand.

❏ Some ink is consumed each time cartridges are inserted because the printer automatically checks their reliability.

❏ For maximum ink efficiency, only remove an ink cartridge when you are ready to replace it. Ink cartridges with low ink status may not be used when reinserted.

❏ Epson recommends the use of genuine Epson ink cartridges. Epson cannot guarantee the quality or reliability of non-genuine ink. The use of non-genuine ink may cause damage that is not covered by Epson's warranties, and under certain circumstances, may cause erratic printer behavior. Information about non-genuine ink levels may not be displayed, and use of non-genuine ink is recorded for possible use in service support.

❏ Make sure you have a new ink cartridge before you begin replacement. Once you start replacing a cartridge, you must complete all the steps in one session.

❏ Leave the expended cartridge installed until you have obtained a replacement. Otherwise the ink remaining in the print head nozzles may dry out.

❏ Do not open the ink cartridge package until you are ready to install it in the printer. The cartridge is vacuum packed to maintain its reliability.

❏ Other products not manufactured by Epson may cause damage that is not covered by Epson's warranties, and under certain circumstances, may cause erratic printer behavior.

❏ Do not turn off the printer during ink charging as this will waste ink.

❏ When an ink cartridge is expended, you cannot continue printing even if the other cartridges still contain ink.

When ◊ light is on, one or more ink cartridges are expended. Replace the appropriate cartridges.
For how to replace before the cartridge is expended, see the online User's Guide.

A

Open.

⚠

Do not lift up the scanner unit when the document cover is open.

B

Press.

C

Check the color to replace.

🖉

If more than one cartridge is expended, the print head moves the next cartridge to the ✄ mark.

🖉

When all expended ink cartridges are identified, print head moves to replacement position.

❹

Press.

❺

Open.

❻

Squeeze tab and lift up.

❼

Shake new cartridge.

⚠

Be careful not to break the hooks on the side of the ink cartridge.

❽

Remove the yellow tape.

37

9

Insert and push.

10

Close.

11

Close.

12

Press to charge ink.

13

Replacement finished.

✏

If you had to replace an ink cartridge during copying, to ensure copy quality after ink charging is finished, cancel the job that is copying and start again from placing the originals.

Paper Jam

❶

Remove.

❷

Remove.

❸

Open.

❹

Remove jammed paper.

❺

Close.

❻

Press.

Print Quality Problems

Try one or more of the following solutions in order from the top. For further information, see your online User's Guide.

❑ Clean the print head. ▱ ➜ 27

❑ Align the print head. ▱ ➜ 28
  If quality is not improved, try aligning using the printer driver utility. See your online User's Guide to align the print head.

❑ To clean the inside of the printer, make a copy without placing a document on the document table.

❑ Use up ink cartridge within six months of opening vacuum package. ▱ ➜ 34

❑ Try to use genuine Epson ink cartridges and paper recommended by Epson.

Print Layout Problems

Check the following points.

❑ Make sure you selected the correct paper setting for the loaded paper. ▢ ➡ 12

❑ Make sure you loaded paper correctly. ▢ ➡ 14

❑ Make sure the original is placed correctly. ▢ ➡ 15

❑ If the edge of the copy or photo are cropped off, move the original away from the corner slightly. ▢ ➡ 15

❑ Clean the document table. See your online User's Guide.

Contacting Customer Support

If you cannot solve the problem using the troubleshooting, contact customer support services for assistance. You can find information for customer support for your area in your online User's Guide or warranty card. If it is not listed there, contact the dealer where you purchased your product.

Available ink cartridge sizes vary by area.

	BK	C	M	Y
