

# Headrest Monitor Mount with Flexile Arm

Are you planning to install Tablet DVD or perhaps a video, DVD-unit or Playstation 2 in your car? With our monitor mount, you can position your screen for easier viewing and to avoid light reflection.

The headrest monitor mount with flexible arm for monitors gives optimum viewing and easy screen adjustment. With the extended flexible arm you can adjust the screen just the way you want.

Installation is simple and will not damage your vehicle's interior. You can easily take the monitor with you when leaving the vehicle.

The monitor mounts are listed on our web site [www.brodit.se](http://www.brodit.se). Choose "Search Products" and under "Vehicles" you will find all monitor mounts for your vehicle!

It is easy to install a multimedia monitor in the vehicle. First you attach a monitor mount onto the headrest of a front seat. The mount is available for various monitor models. Then you attach the monitor to the mount. The monitor is firmly in place, and can easily be removed when leaving the vehicle.
