<sup>1</sup>Either after first page or after first set of ISO test pages. For details see www.hp.com/go/printerclaims.<sup>2</sup>Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP Laser Jet or HP Color Laser Jet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups, <sup>3</sup>Comparison based on manufacturers published specifications of fastest available color mode (as of March 2012) and includes color laser MFPs < \$1000 USD and color laser printers <\$800 USD available March 2012, based on market share as reported by IDC as of Q1 2012 and HP internal testing of printer in fastest available color mode (sample 4-page category documents tested from ISO 24734). For more information, see www.hp.com/go/printerspeeds. <sup>4</sup>Cost per page (CPP) claim is based on the majority of color laser MFPs <\$1000 USD and color laser printers <\$800 USD as of March 2012, ISO vield based on continuous printing in default mode based on market share as reported by IDC as of 01 2012, CPP comparisons for laser supplies are based on published specifications of the manufacturers' highest-capacity cartridges. CPP based on HP 970XL/971XL ink cartridges' estimated street price. For more information, see www.hp.com/go/learnaboutsupplies. <sup>6</sup>Guinness World Record for fastest time to print 500 sheets by an office color desktop printer, April 2012. Record set on HP X551dw and X576dw models. Details at guinnessworldrecords.com. Record supervised and verified by wirthconsulting.org. Test documents ISO 24734 from sample 4-page category test file printed in fastest available color mode for all products. Competitive set includes laser and inkiet color desktop MFPs <\$1000 USD and printers <\$800 USD as of March 2012. <sup>6</sup>Capacity up to 1050 sheets with optional 1x500 sheet accessory paper tray not included; please purchase separately. <sup>7</sup>Requires an Internet connection to an HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types, and other HP ePrint details, see www.hp.com/go/eprintcenter). Mobile devices require Internet connection and email capability. May require wireless access point. Separately purchased data plans or usage fees may apply. Print times and connection speeds may vary. <sup>8</sup>Maiority of color laser printers <\$800 USD and color laser MFPs <\$1000 as of August 2012. Energy use based on HP and HP commissioned third-party testing. Actual cost and energy usage may vary. For details, see www.hp.com/go/officejet. \*Requires a wireless access point and an Internet connection to the printer. Services require registration. App availability varies by country, language, and agreements, and requires a firmware upgrade. For details, www.hp.com/go/eprintcenter. 1º Program availability varies.
