

Nikon

AF-S Nikkor 300mm f/4D ED-IF

- Exclusive Nikon Silent Wave Motor enables ultra-high-speed autofocus with exceptional accuracy and powerful super-quiet operation
- Two ED elements reduce chromatic aberrations providing superior optical performance – even at maximum aperture
- Fully compatible with Nikon TC-14E Teleconverter – focal length increases to 420mm with 35mm SLR cameras and 630mm with D1 digital SLR
- Internal Focusing (IF) design for smoother focusing and great body balance
- M/A mode enables instant switching from autofocus to manual with virtually no time lag even during AF servo operation
- No power consumption during manual focus operation
- AF performance enhanced with Focus Range Limiter
- Focuses as close as 4.8 ft.
- Nikon D-type design provides precise distance information for flash and ambient light exposure processes
- High-performance Nikon Super Integrated Coating offers superior color reproduction and minimizes ghost and flare
- Detachable tripod mounting collar provided
- Filter attachment does not rotate with focusing
- Compatible with D1 Digital SLR, F5, F100, N90s, N80, N65 and Pronea S

AF-S Nikkor 300mm f/4D ED-IF *Specifications:*

Focal length:	300mm
Maximum aperture:	f/4
Lens construction:	10 elements in 6 groups (including two ED glass elements)
Focus distance:	4.8 ft. to infinity
Maximum reproduction ratio:	1:3.7
No. of diaphragm blades:	9 blades (rounded)
Lens drive:	Silent Wave Motor
Focusing:	Internal Focusing (IF) type
Aperture scale:	f/4 to f/32
Filter attachment size:	77mm
Hood:	Built-in, retractable
Dimensions:	Approx. 3.5 in. (dia.) x 8.8 in.
Weight:	Approx. 49.6 oz.
Product Number:	1909
