• Failure to install tank correctly may allow gas hose to be damaged in operation, resulting in the risk of fire.

**Smoke Flavoring Pellets Usage Instructions**

Thank you for trying 100% Natural Hickory Smoke Flavoring Pellets. Now you can add true wood smoke flavor to your food while cooking with gas!

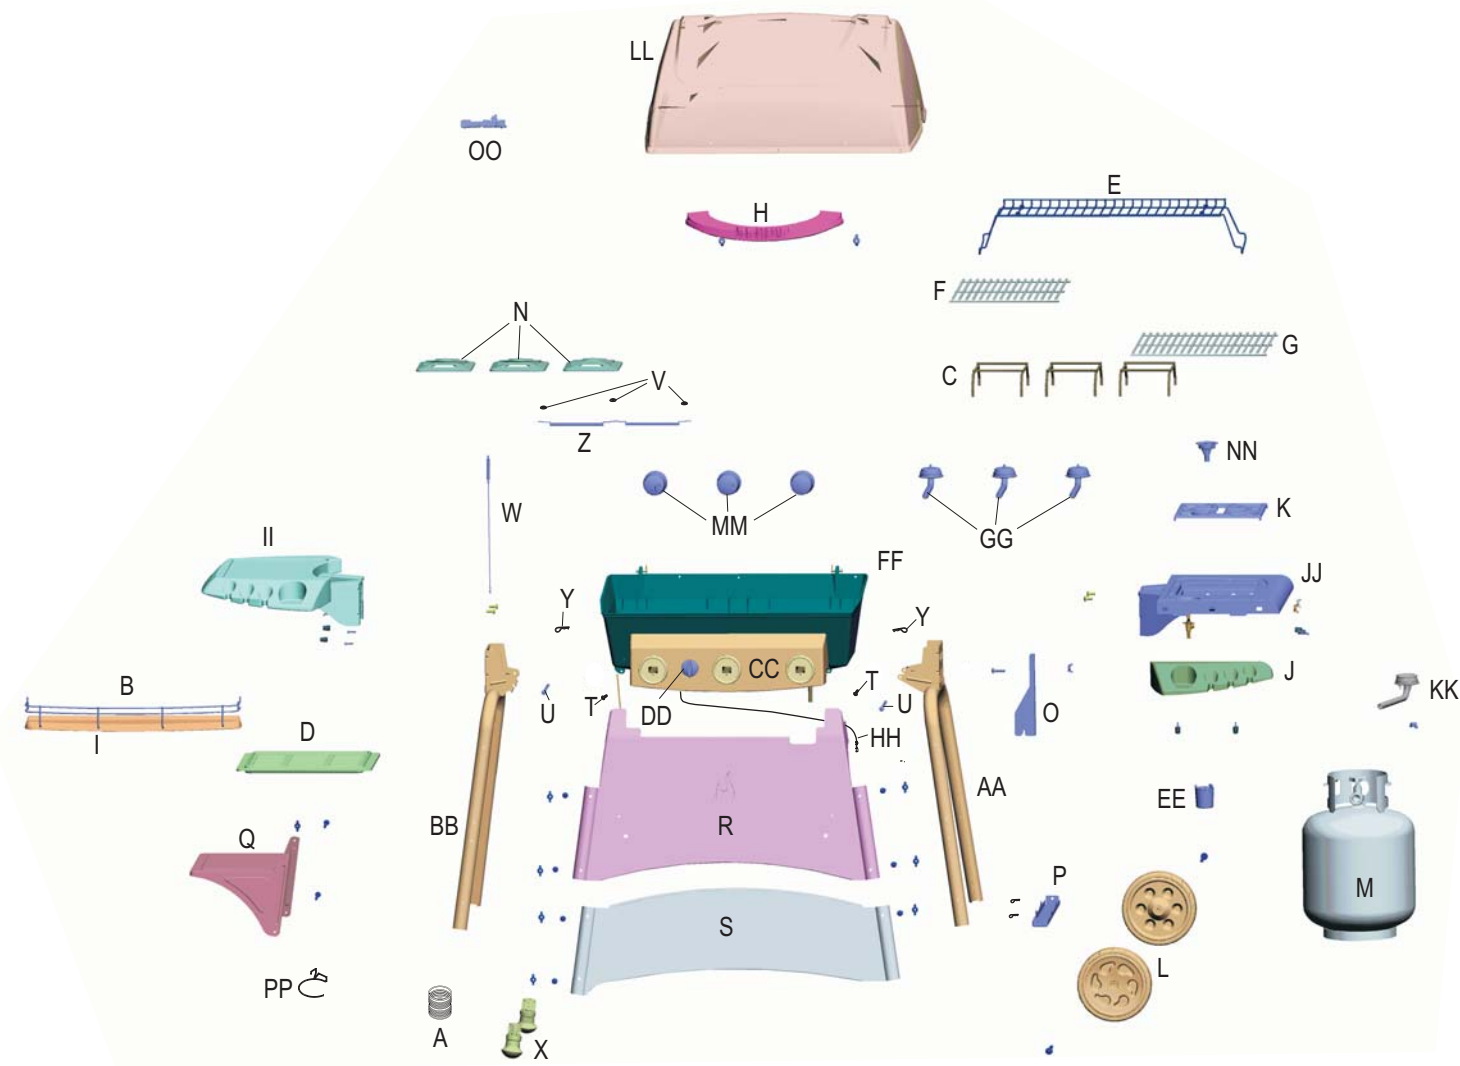

To use in your Char-Broil™ Big Easy™ grill, construct a foil pouch the approximate size of the pellet package. Poke a 1/4" diameter hole into one side of the pouch. Preheat grill to desired temperature. Place the pouch, with the hole facing up, on top of the burner tent inside the grill. Please note, the burner tent should NOT be inverted for use with smoke flavoring pellets. When smoking starts, place food on grill and close lid.
