ADVANTAGE TOSHIBA

- >> CrystalScan HDSC™ upconverts all video signals (including 480i/p) to 1080iHD, resulting in a significant reduction in jagged line artifacts creating the sharpest, most realistic picture possible from every source. For users who want to display a progressive scan image from a progressive scan source, selectable 540p is available via the on-screen menu.
- >> SRS® WOW technology takes the performance of the television's existing speakers to a whole new level to offer the consumer superior sound quality with no additional speakers required.
- >> 4-Item Illuminated Universal Remote with DVD Control allows for easy operation in a dark living room or home theater environment.
