

Play/Pause

Press to play or pause the audio player. Press and hold to turn the unit on or off.

Belt Clip

Volume

Press to adjust the volume.

Skip/Search

Press to skip.
Press and hold to search through tracks.

Menu

In play or pause mode, press to access and make selections in the sub-menu. Use the **Arrow** buttons to navigate the sub-menu. Press the **Play/Pause** button to set and to exit the sub-menu.

Loading Files

1. Connect the unit to a computer (Windows or Apple) and to the **Micro-USB Port** using the included USB cable.
2. Once connected, the unit will show up on the connected computer as if it were a connected USB thumb drive, external hard drive, or memory card.
3. Drag and drop the desired audio, video, or photo files into the unit's drive location on the connected computer.

File Compatibility:

MUSIC: MP3, WMA

VIDEO: AMV

VOICE: WAV

PHOTOS: JPEG, BMP

4. After the files are loaded onto the unit, right-click on the drive and eject it from the computer, then disconnect the USB cable.
-

Warnings

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Power

Connect the digital media player to a computer using the included charging cable to charge its internal battery. Make sure your computer is connected to an AC outlet and turned on.

Initial recommended charge time : 4 hrs.
