The ideal headphone for music on the move

The SBC HE240's compact size and carrying case is perfect for enjoying music wherever you are. Large air chambers ensure enhanced sounds, and the in-cord volume control is very convenient for adjusting sound for personal preference.

Large air chamber for enhanced sound

The large air chamber in each in-earpiece really enhances the sound for maximum musical enjoyment.

Unique Flexi-Grip cable connection for durability

Protects the cable connection to each in-earpiece from breaking.

In-cord volume control for personal adjustment

The in-ear headphone's in-cord volume control is conveniently placed and can be precisely adjusted for personal preference.

Carrying case for easy storage

Finished in stylish silver, the carrying case protects the in-ear headphone and is ideal for storing it when not being used.
