

SINGLE SPINDLE

Roundback design allows for more efficient handling and dispersing of material.

When it comes to buying a Rotary Cutter, there are many to choose from. What's always important in making a purchase of any kind is to be sure you are getting what you paid for. With Land Pride Rotary Cutters you get just that, and more. The other side of this is to be sure you aren't buying more cutter than you need. Match your needs and your tractor to the size of cutter you need, and you will be maximizing your investment.

Land Pride's 26 Series Rotary Cutters are the perfect fit for around the farm clean-up or keeping the horse pasture under control. The 2" cutting capacity also allows it to be the choice of many municipalities from natural parks to various easement control applications. With a gearbox rating of 40 - 110 HP, this cutter is the optimum size to fit a wide range of tractors.

4

3/16" Stump jumper with 1" x 4" blade bar provides superior strength for encountering objects in the blade path. Round on 60" & 72"; oval on 84".

RCR26 SERIES

60 - 110 HP — 84"

RCR2684 Hitch Possibilities

- 3-Point with single 15" tailwheel
- 3-Point with dual 15" tailwheels
- Cat. 2 or 3 Quick-Hitch
- Pull-type with 21" laminated tires
- Clevis hitch for easy hook-up
- 2" Gearbox output shaft

The floating top link allows the cutter to follow uneven terrain. The beefy lower hitch clevises allow easy hook-up to the tractor, as well as adding another degree of strength to the overall hitch area.

Take a close look at our welding, and the precise fit-up of all the fabricated parts and you'll understand the fine element of perfection we expect out of our manufacturing facilities.

RCR26 SERIES
