

HP OfficeJet Model 300 Printer-Fax-Copier

Product Summary

HP OfficeJet Model 300 Printer-Fax-Copier offers a full range of features in one affordable and space-saving package that allows you to complete your work at home.

More and more business is being conducted from the home. This means new opportunities for the home office worker. But it can also present challenges. Hewlett-Packard, a company that has proven itself in corporate offices, designed the HP OfficeJet Model 300 to meet the challenges of the home office worker who needs printing, faxing, and copying. This all-in-one product makes it truly easy and affordable to work "on your own" at home.

The HP OfficeJet Model 300 provides the same quality and reliability that HP builds into all of its products. With the HP OfficeJet Model 300, you can feel confident that documents produced at home will look professional.

You save money and space with the HP OfficeJet Model 300. As an all-in-one product, it costs less than individual products and takes up less home office space.

The HP OfficeJet is also easy to set up and use. It comes with software that is simple and straightforward which saves you time.

The HP OfficeJet Model 300 is backed by HP's one-year Express Exchange warranty. If there is a problem, HP will send a replacement that will arrive on the next business day so that you can get back to work quickly.
