

Model #: CP425G

UPC: 649532425006

MSRP: \$44.99

The CP425G Standby Uninterruptible Power Supply (UPS) is perfect power protection for individuals running a stand-alone PC in their home, or office. Composite integrated circuitry offers advanced lightning protection and also guards against surges, spikes, sags, brownouts and other power abnormalities.

The patented GreenPower UPS™ technology used in this UPS unit reduces energy-usage and cooling costs associated with UPS power protection. As a result, you can expect to save up to \$11 annually (varies based on usage and regional kilowatt per hour costs) by using GreenPower UPS™ technology.

This rugged unit is equipped with a RJ11 port which protects against surges from phone or network disruptions. The small footprint design is ideal for horizontally or vertically placement, and is even designed for wall-mountability. The unit is also perfect for protecting other electronics such as monitors, printers, scanners, speakers, fax machines, CD/DVD players, and iPods.

- **GreenPower UPS™** - GreenPower UPS™ technology reduces UPS energy costs by utilizing high frequency circuitry. This not only reduces utility consumption, but also reduces heat dissipation and system noise.
- **Ultra-Quiet UPS** - The combination of an advanced ventilation design, high-end system components, and GreenPower UPS™ technology give CyberPower UPS systems the lowest sound emissions in its class. This makes our UPS perfect for desktop applications, audio/video installations, and quiet workstation environments.
- **EMI/RFI** - Provides shielding against electromagnetic interference & radio frequency signals. Most commonly, this is used to prevent line noise or "humming" that occurs over telephone lines or stereo electronics.
- **Widely-spaced Outlets** - Widely spaced outlets allow you to conveniently add large transformer-based plugs without compromising the utility of other outlets.
- **LED Indicators** - LED status lights indicate Power-On and wiring faults.
- **Audible Alarms** - Audible tones identify when the unit is running off battery power, unit overloads and low battery.
- **Convenient Mounting** – Multiple mounting options: horizontal, vertical, cabinet, and wall.
- **Resettable Circuit Breaker** - Convenient unit reset switch in case of an overload.
- **3-year Warranty** - CyberPower will replace damaged units if within 3 years of purchase date. We stand behind our products and guarantee quality. CyberPower also offers a #1 rated technical support team that will assist you with product, installation, or warranty concerns --- Free of Charge!
- **ISO & Safety Certifications** - All CyberPower's manufacturing facilities are ISO-9001 Quality Tested. Our products are also certified by the FCC, cUL, and UL.

Technical Specifications

| | |
|--|-------------------------------------|
| General | |
| Model # | CP425G |
| UPS Topology | Standby |
| Energy Saving | GreenPower UPS™ High Efficiency |
| Input | |
| Voltage | 96 - 140V |
| Frequency | 47 - 63Hz |
| Plug Type | NEMA 5-15P |
| Cord Length | 6 ft |
| Output | |
| VA | 425 |
| Watts | 255 |
| Automatic Voltage Regulation | No |
| On Battery Waveform | Simulated Sine Wave |
| Outlets - Total | 8 |
| Outlets - Battery & Surge | 4 x NEMA 5-15R |
| Outlets - Surge-Only | 4 x NEMA 5-15R |
| Transfer Time | 4 ms |
| Battery | |
| Runtime at Full-Load | 2 Minutes |
| Runtime at Half-Load | 7 Minutes |
| Battery Specification | 1 x 12V/3Ah |
| Surge Protection and Filtering | |
| Surge Suppression | 890 Joules |
| Phone / Ethernet RJ11 / RJ45 | 1 x RJ11 (One-in/Two-out) |
| Coax Protection RG6 | None |
| Management & Communications | |
| Indicators | Power On, Wiring Fault |
| USB Port | None |
| Serial Port | None |
| Software | None |
| SNMP / HTTP Remote Monitoring | Not Available |
| Physical | |
| Dimensions (WxHxD) | 11" x 6.5" x 3.5" |
| Weight | 5 lbs. |
| Warranty | |
| Product Warranty | 3-year warranty. Free Tech Support. |
| Connected Equipment Guarantee | Lifetime |
| CEG Amount | \$75,000 |
