940 mm High, 797 mm Wide, 838 mm Deep

The **XO-1MSS** Steam Retherming Oven could be just what you need to replace expensive combi ovens.

While maintaining a small footprint, this unit is able to provide you with a large capacity up to 10 bags of product. The availability of the stacking option could double your capacity while utilizing the same amount of floor space.

Toastmaster has made the XO-1MSS easy to clean. Convenient placement of the water reservoir facilitates easy cleaning and minimizes build up of deposits. There are no tools, and no service call required. Simply open the seal-less reservoir cover for de-scaling and cleaning.

The XO-1MSS preheats and recovers quickly while in use, and has proven to be quicker than a traditional steamer. This is the ideal unit for soups, pasta, veggies and more!

CONSTRUCTION:

- Welded stainless steel
- Fully insulated
- Control panel accessible through front of unit
- Heating elements accessible inside of cabinet and through side

CONTROLS:

- Solid state controls
