TECHNOLOGY & BENEFITS

VIDEO

- >> **ColorStream Pro® Component Video Outputs** - These outputs allow the video signal to be sent from the DVD player to a component video equipped interlaced or progressive scan TV. When this connection is utilized with today's HD-compatible sets, typical NTSC artifacts-like video noise, dot crawl, and flicker-are virtually eliminated, resulting in a low-noise, highly detailed picture with unequaled color purity.
- >> **Digital Cinema Progressive (3/2 Pulldown)** - Delivers the smoothest, most film-like images to any progressive scan television, such as an HD-compatible one, and ensures maximum resolution.
- >> **JPEG Viewer** - Enables the display of digital photographs captured in the JPEG format. Simply load the CD with your favorite photos and create custom slide shows with a few simple clicks of the player's remote control.
- >> **Digital Picture Zoom** - This interactive DVD feature allows you to select an area of the picture you want to zoom in on and magnify it. Enhanced digital processing during moving video or freeze-frame playback produces superior color fidelity and resolution, even when you're zoomed in. Also can be used to expand letterbox-only films to increase the viewable area on-screen.

- >> **WMA & MP3 Playback** - Recordable Compact Discs (CD-R & CD-RW) with music stored in either the Windows Media™ Audio or MP3 file formats can be enjoyed.
- >> **Virtual Surround Sound** - Provides a simulated surround sound effect from sources that contain only a stereo soundtrack. Convenient when playing older DVD films or for use with home theaters not equipped with multi-channel playback compatibility.
- >> **Coaxial Dolby® Digital and DTS® Surround Sound Output** - Use the single RCA-type output jack to send signature multi-channel audio to an audio/video receiver with a compatible input.

CONVENIENCE

- >> **Front Panel Operation** - Offers full player menu navigation via front panel controls. Lets the user operate the player when the remote has been misplaced or unavailable.
- >> **Universal Remote w/ TV Controls** - Enjoy control of all DVD functions and basic television controls from the same remote.
