**LCD, 2000 Lumens, Ultra Close-Focus Classroom Multimedia Projector (XGA) - Hitachi EDA100**

LCD; 2,000 ANSI lumens, XGA resolution and a 500:1 contrast ratio. Features an ultra-short throw distance of 60 inches at 1.4 feet. , eliminating the problem of presenters obstructing the projected image by standing in front of the screen. ED-A100 also has networking capability, allowing multiple projectors to be controlled and monitored from a single location. This is particularly beneficial in schools and large corporate environments, where projectors are located throughout a facility and the monitoring of each projector is a time-consuming ordeal. With the benefits of networking technology, a technician can monitor details such as lamp life for each projector from his/her computer. The ED-A100 addresses the issue of security with functions such as multilevel PIN locks, a security bar and a Kensington slot. Easy maintenance, its lamp door is on top of the model, and the filter is located on the back, allowing for easy access. The ED-A100 offers additional versatility with its Whiteboard, Blackboard or Day Time Modes. 12.8 lbs. 4-year or 4000 hours which ever comes first warranty. 6 month lamp warranty.

**Order # 63040**

## LCD, 2000 Lumens, Networked Ultra-Close Focus Multimedia Projector (XGA) - Hitachi EDA100

LCD; 2,000 ANSI lumens, XGA resolution and a 500:1 contrast ratio. Features an ultra-short throw distance of 60 inches at 1.4 feet., eliminating the problem of presenters obstructing the projected image by standing in front of the screen. ED-A100 also has networking capability, allowing multiple projectors to be controlled and monitored from a single location. This is particularly beneficial in schools and large corporate environments, where projectors are located throughout a facility and the monitoring of each projector is a time-consuming ordeal. With the benefits of networking technology, a technician can monitor details such as lamp life for each projector from his/her computer. The ED-A100 addresses the issue of security with functions such as multilevel PIN locks, a security bar and a Kensington slot. Easy maintenance, its lamp door is on top of the model, and the filter is located on the back, allowing for easy access. The ED-A100 offers additional versatility with its Whiteboard, Blackboard or Day Time Modes. 12.8 lbs. 4-year or 4000 hours which ever comes first warranty. 6 month lamp warranty.

## MULTIMEDIA PROJECTORS: Projector Mounting Brackets

### Ceiling Mounting Brackets for Multimedia Projectors - Peerless PRSUNV

For the quickest and easiest installation Peerless is proud to introduce the new PRS Series- the lowest profile projector mount on the market! This design features the Spider Universal Adapter Plate- a breakthrough design that adjusts to fit virtually every projector on the market. It offers unmatched versatility and includes multiple hardware choices and four adjustable legs to align with the projector's mounting holes. The design allows for proper projector ventilation and ships standard with Armor Lock security.

FEATURES: Easy to install preassembled design - just attach adapter plate and bracket to ceiling. Minimum Adjustment Points (4) for simple projector alignment; Quick release for easy projector removal and maintenance. Easy cord management via access opening. Includes mounting hardware for wood joist or concrete; All-metal construction; Armor Lock Security at every connection point. 5 Year warranty.

<http://www.peerlessindustries.com/dyn/Products/BrowseProduct.aspx/productId/149227/categoryID/193/u/T>

### Ceiling Mounting Brackets for Multimedia Projectors - Peerless PJF2UNV

The PJF2 provides a clean look with its NEW cable management capabilities. The included extension column connector incorporates internal cord management paths that keep unsightly cords concealed from view. The mount also features a ceiling plate, ball and socket design, multidirectional positioning (roll, pitch, and swivel) for proper image alignment and complete Armor Lock security at every connection point. This projector mount is perfect for use in classrooms, boardrooms, hotels, bars and restaurants or anywhere a projector needs to be mounted. The PJF2 can be flush mounted, mounted using 1-1/2" diameter extension column, mounted using 1/2" thread rod or wall mounted. Both universal and model specific PJF2 mounts include pre-assembled adapter plates to shorten installation time. 5 Year warranty.

### Universal Projector Mount for Projectors Weighing Up to 50 lbs - Peerless PRGUNV

Peerless' PRG Precision Gear Projector Mount is changing the way image alignment is done. The patent-pending precision gear design provides exact tilt and roll image positioning with a simple turn of a knob. Once the installer sets the precision gear to the desired position it stays securely in place. It will not shift during projector maintenance, bulb replacement, and will not loosen or change alignment due to vibration, accidental bumping etc. With Peerless' PRG Precision Gear Projector Mount the installer sets it and forgets it. 5-year warranty.

**Peerless Multimedia Projector Enclosure - Peerless PE1120 Black**

Lock in the highest level of projector security with the PE1120. Solid 1/2" diameter steel bars provide protection from theft or accidental damage. Installation is a snap – just snap the two halves of the steel frame together and hook the enclosure body to the frame. It's so easy that you can attach it to existing multimedia projector installations without having to remove the projector mount or disturb the image alignment settings. It's the toughest security available with a user-friendly design. State color on PO - Black or White PE1120-W. 5-year warranty.
