- Holds two "AAA" batteries

GETTING STARTED

BATTERY INSTALLATION:

1. Open the battery compartment door.
2. Install 2 AAA batteries matching the polarity shown in the battery compartment.
3. Replace the battery compartment door.

7

TIME PROJECTION

The Sport Alarm Clock can project the time display for a short period when operating on batteries, or continuously when using the AC/DC adapter. The clock is designed to project the time image on the ceiling in red, no focusing is required.

NOTE: Time display on the ceiling and the time on the LCD display cannot be viewed simultaneously, as their viewing directions are opposite. Place the unit at the head of your bed to view the projected image correctly.

8

CURRENT TIME PROJECTION

Press "LIGHT/SNOOZE" button to turn on the LCD backlight and project the time display onto the wall or the ceiling for 3 seconds.

CONTINUOUS TIME PROJECTION

Connect AC/DC adapter (optional) to project the time display continuously.

CALENDAR AND CLOCK DISPLAY MODES

The Alarm Clock has a three (3) display modes:

TIME, DATE and ALARM

The current time is displayed in hour-minutes format which is the default display mode. The date is displayed in month-date format.

The alarm time is displayed in hour-minutes format.

9

ENABLE OR DISABLE ALARM AND CHIME

- Press **SET** button in **TIME** display mode. Alarm hour and minute digits will flash.
- Press **MODE** button to enable or disable the alarm and chime in the following sequence:

ALARM ON- ALARM&CHIMEON-

CHIME ON- ALARM&CHIME OFF - ALARM ON-

- Press **SET** button to confirm the alarm and chime status. Clock will go into **TIME** and **DATE** set mode. Wait and clock will return to **TIME** display mode.

TO STOP ALARM

To stop the alarm for 24 hours, press **SET** when alarm is activated.

To stop alarm for 5 minutes, press **SNOOZE/LIGHT** button

If no button is pressed, alarm will stop in 2 minutes. Press **MODE** button to disable the alarm in **ALARM** display format while alarm time digits are flashing. (The bell icon will disappear from the display when alarm is disabled).

CHIME

When **CHIME** is activated, it will sound at every hour.

12

PRECAUTIONS

This product is engineered to give you years of satisfactory service if handled carefully.

Here are a few precautions:

1. Do not immerse the unit in water.
2. Do not clean the unit with abrasive or corrosive materials. They may scratch the plastic parts and corrode the electronic circuits.
3. Do not subject the product to excessive force, shock, dust, temperature, or humidity, which may result in malfunctions, shorter lifespan, damaged batteries, and damaged parts.
4. Do not tamper with the unit's internal components. Doing so will invalidate the warranty and may cause damage. This unit contains no user-serviceable parts.
5. Use only fresh batteries. Do not mix new and old batteries.
6. Read the user's manual thoroughly before operating the unit.
