Product highlights

Airflex Natural Feeding Bottle

A clinical trial demonstrated that at 2 weeks of age, babies fed with the AVENT Natural Feeding Bottle showed a trend to less colic than babies fed with a conventional bottle. (www.philips.com/AVENT)

Sealing Discs and Bases

Discs convert all AVENT Bottles and Cups to milk and food storage containers. Ideal for storing/freezing your expressed breast milk. Keep your nipple, screw ring and dome cap assembly clean and compact for travel, by simply adding a sealing base.

Newborn Silicone Pacifier

Flat, drop-shaped symmetrical nipples respect the natural development of your baby's palate, teeth and gums, even if the pacifier ends up upside-down in the mouth.
