

The SCN40DW Drywall Coil Nailer eliminates crooked nails and shattered drywall. It's loaded with features that cut application time and increase reliability. Has an 120 nail capacity for less down time in your drywall installations.

Applications:

For drywall installation.

Features and Benefits:

- Lightweight - 4.7 lb for easy one-handed operation, improving productivity
- Adjustable depth-of-drive control on the tool means no compressor adjustments or additional tools for adjustments are required
- Neverlube Design - requires no lubrication

Tool Specifications:

Item #: 650003N: Contact Actuation (Dual Action)
650003N: Sequential Actuation (Restrictive)

Weight: 4.7 lbs. (2.1 kg)

Height: 10-3/8" (264 mm)

Length: 9-3/4" (248 mm)

Nail Capacity: 120

Collation: Wire weld coil wire

Operating Pressure: 70-120 psig (4.8-8.3 bar)

Mode of Operation: TContact or Sequential Actuation

Hose Fitting: 1/4 " NPT

Fastener Specifications:

Drives 12.5 gauge (shank .099) , Full Round Bugle-Head Nails
1-1/2" – 1-5/8" 4d-5d ring shank. Capacity 120.

Sequential Actuation Trigger (also known as restrictive trigger or trigger fire) operates in the following sequence- depress the safety element at the nose of tool against the work surface then pull the trigger. After each fastener is driven, release the trigger and lift the tool off the work surface before starting the sequence again. This trigger is recommended and acceptable for most applications.

Contact Actuation Trigger (also known as dual action, bounce or bottom fire) operates in the following sequence- pull the trigger first and keep the trigger pulled while moving the tool along the work surface with a bouncing motion, depressing the safety element at the nose of the tool against the work surface where the fastener is to be driven. This trigger is recommended for use by trained professionals only in high production or volume applications.

Always read the Operators Manual and Safety Instructions with all tools to ensure proper use and safety precautions or log on to www.senco.com or call 1-800-543-4596 for more information on SENCO's trigger systems. Choose the right trigger system for your specific needs!
