

TOSHIBA

30DF56

30" (measured diagonally) 16:9 SD Integrated SuperTUBE™ FST PURE® Flat CTV

KEY FEATURES

VIDEO

- 30" Diagonal 16:9 FST PURE® Tube
- ATSC / QAM Digital Tuner
- SDTV (480i) Display
- Velocity Scan Modulation
- 3-Line Digital Comb Filter
- Dynamic Quadruple Focus

AUDIO

- StableSound®
- Surround Sound

CONVENIENCE

- Advanced Channel Return
- ColorStream® Component Video Input
- Rear A/V Input
- Rear S-Video Input
- Front Panel A/V Inputs
- Fixed Audio Outputs
- Coaxial Digital Audio Out (ATSC Only)
- 4-Item Glow Universal Remote Control¹

ADVANTAGE TOSHIBA

ColorStream® Component Video Input provides the ultimate picture quality from interlaced component video signals.

4-Item Glow Universal Remote also controls most cable boxes and DVD players.

StableSound® maintains television volume within a preset range regardless of the source signal.

3-Line Digital Comb Filter provides more accurate processing of RF and composite video signals for a sharper, cleaner picture.

Front Panel A/V Inputs provide maximum versatility and convenience for the consumer who wishes to easily connect video games or a camcorder.

TECHNOLOGY & BENEFITS

VIDEO

16:9 SD Picture Tube - Perfect for viewing wide-screen broadcast (at 480i) and DVDs.

Digital Tuning (NTSC/ATSC/QAM) - Allows reception of and viewing of digital in-the-clear signals and digital terrestrial broadcasts.

Velocity Scan Modulation - Creates well defined edges from light to dark transitions.

Dynamic Quadruple Focus - On larger CRT displays, adding Dynamic Quadruple focus allows the TV to keep a more focused image, especially in the corners.

3 Line Digital Comb Filter - Filter processes the picture to minimize unwanted artifacts, improving edge detail and smoothness.

AUDIO

Stereo Speakers - Placed at the bottom of the cabinet for maximum space efficiency.

StableSound® - Reduces unwanted volume fluctuations (eg. during commercials) by keeping volume within set levels, for easier listening.

CONVENIENCE

Universal Remote Control - Glow remote operates many of your home theater components.

ColorStream® Component Video Input - For connections with many of today's latest equipment.

Front Panel A/V Inputs - For added convenience, front A/V connections allow easy hook up for video games, camcorders, etc.

¹In some cases, the remote control may not operate additional devices or certain features of such devices, in which case, it is suggested that you use the original remote control for the applicable device.

SPECIFICATIONS

PICTURE:	
VIDEO	Digital Tuning (NTSC/ATSC/QAM) X
	Toshiba 16:9 FST PURE® CRT X
