- Flexible—use it with a standard desktop phone and a Bluetooth enabled mobile phone.
- Provides up to six hours of talk time.
- The boom swivels left or right to wear behind either ear.
- Compact and comfortable to wear.
- Folds for easy storage.
- Status/in-use LED indicator.
- Sleek silver finish for a modern look.

OVERVIEW

This tiny Plantronics Voyager™ 510 Bluetooth Headset fits discreetly behind your ear and features hands-free operation. Use it to connect a Bluetooth® wireless phone to your office phone. The headset's base charger/adaptor makes any standard phone Bluetooth capable. It also works with a variety of Audiovox®, Blackberry, Motorola®, Nokia, Rim Blackberry, Samsung®, Siemens®, and Sony® Ericsson® Bluetooth mobile phones. (For a sample list of compatible mobile phones, see below.)

You can use the headset 10 meters (32.8 feet) from your office phone or use the headset with your Bluetooth mobile phone. The headset microphone features Windsmart technology, which includes a wind-repelling screen for static-free voice transmission.

Powered by a Lithium polymer battery, the headset is easy to set up and provides six hours of talk time when fully charged. Plus, it charges automatically when you're not using it—just keep it in its base unit.

By simply pressing a button, you can answer or end a call, transfer a call from the headset back to the phone, reject a call without answering, and redial the last number. Dialing can also be voice-activated.

Adaptive frequency-hopping (AFH) technology ensures secure communications and eliminates interference.

The headset is compatible with the following mobile phones—or any other Bluetooth enabled mobile phone:

- Audiovox PPC6600 and PPC6601
- Blackberry 7290 and 7520
- Motorola Razr V3, Razr V3C, V330, V500, V505, V551, V600, and V710
- Nokia 3620, 3650, 3660, 6230, 6310, 6600, 6620, 6820, 7610, N-Gage, and N-Gage QD
- Rim Blackberry 7290 and 7520
- Samsung SCH1730 and SPH-A900
- Siemens S56
- Sony Ericsson and Sony Ericsson K700

Power — Lithium polymer battery

Weight — <0.1 lb. (<0.1 kg)

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p.m. and you need help, but your vendor's tech support line is closed.

According to a survey by Data Communications magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
