Highlights

Lead-free construction

Lead-free construction of environmentally friendly materials.

Quality construction

Quality construction uses only top grade materials to create products of extended durability.

Nickel-plated connectors

Nickel-plated connectors establish a clean contact between the cable and connector for a reliable connection.

Return path

A two-way signal path that provides the ability for two-way communication between the cable box and the cable system, facilitating pay-per-view, other digital features and cable modems.
