

# S-Series S-15V/S-17

STYLISH DESIGN

## AG Neovo S-Series Displays

Made for those who  
want a stylish award winning display

### Elegant & Rugged Design

Smart exterior with  
exceptional strength

### Brilliant Display

Patent pending NeoV  
Crystal Optic Filter offers  
superb color definition  
and image sharpness

### Ease Of Use

A host of input options,  
including analog, s-video  
and DVI-Digital

### Picture-In-Picture

Simultaneous computer  
display and video signal  
playback

### Desk/Arm/Wall Flexibility

VESA Compatible LCD  
display arm or wall  
mount kit both available

#### Features

Neo-V Crystal Optic Filter  
15"/17" TFT Active Matrix Screen  
1024x768/1280x1024 Resolution  
Foldable Small Footprint Stand  
Analog, Video & Digital (S-17 only) Inputs

A Different Class Of Display

## S-Series Displays

### NeoV Crystal Optic Filter

Triple coated on both sides, the NeoV Crystal Optic Filter offers anti-glare, anti-reflective properties, while delivering greater color definition.

### Wide Viewing Angle

Wide angle viewing technology offers greater viewing clarity even when the display is seen from different angles.

### Video In Port

Connect DVD, VCR or other video devices directly via a video in port.

### DVI-D Port

Take advantage of the latest in technology, by connecting to the DVI-D port for a clearer image.

### Picture-In-Picture

Watch computer display and DVD, VCR or other video simultaneously. (S-15V only)

### Auto-Adjustment

Automatically adjusts screen settings for an optimal image, without changing settings manually.

### OSD

On-Screen Display (OSD) makes adjusting the display settings quick and convenient.

### Total Flat Display

A completely flat display, with absolutely no curvature, generates a truer and less distorted view.

### LCD Display Arm

Advanced gas-spring suspension guarantees smooth stable operation, and flexibility of use.

### Wall Mount Kit

Mount the LCD display on the wall to save even more valuable desktop space.

### Security Lock

Increase security by anchoring the LCD display to an immovable object. Compatible with Kensington® security locks.
