# Before You Start

## IMPORTANT SAFEGUARDS About this manual

- 1 Be sure to connect the color coded leads according to the diagram. Incorrect connections may cause the unit to malfunction or damage the vehicle's electrical system.**
- 2 Be sure to connect the speaker (-) leads to the speaker (-) terminal. Never connect the left and right channel speaker cables each other or to the vehicle body.**
- 3 Make sure all the connections are completely correct before turning on your unit.**
- 4 When replacing the fuse(s), the replacement must be of the same amperage as shown on the fuse holder.**
- 5 Do not block vents or radiator panels. Blocking them will cause heat to build up inside and may result in fire.**
- 6 To lest the driver distract his attention from, please install the unit in an apt place.**
- 7 Using the unit after starting the engine, otherwise the unit can not be started, because the electric energy of battery was used up.**
- 8 The unit must be screened from direct sunlight, or the electric energy of battery will be wasting for the high temperature.**
- 9 Do not use the unit in extreme high temperature or such low temperature conditions, and also avoid humidity and direct sunlight.**
- 10 Take care of the magnetism of the unit. Do no put the credit card, cassette or watch around the unit, or they would be broken or some information in them lose.**
- 11 To lest disturb the video frequency, keep far away from the unit when using your phone.**
- 12 Do not put the remote control under high temperature or where the sun strikes it, or else the control remote can not work normally.**

This unit features a number of sophisticated functions ensuring superior operation. All the functions have been designed for the easiest possible use, but many are not self-explanatory. This manual will help you understand the functions and operations of the unit. This manual main explains **remote control operation**. However, in addition to those functions related with DVD/VCD/CD/MP3 operation that can only be operated by the remote control, there are also functions can be operated by the buttons provided for the main unit.

# Before You Start

## PRECAUTIONS

This unit can play the following discs only:

Type of disc	Label on the disc	Recorded material	Size of disc
DVD		Sound and moving pictures	12cm
VCD	 	Sound and moving pictures	12cm
CD		Sound only	12cm
MP3		Sound only	12cm

**NOTE:** The unit is compatible with VCD1.0/2.0/3.0 version and DVCD disc.

- **Do not attempt to modify the unit, modifying the unit may cause an accident.**
- **Stop the vehicle before carrying out any operation that could interfere with your driving.**
- **Do not work in extremely high or low temperature. Be sure the temperature inside the vehicle is between +60° C and -10° C before turning on your unit .**
- **To enjoy optimum sound and images while playing, handle the discs as follows:**

—Handle the disc by its edge to keep the disc clean, and do not touch the surface.

—Do not use your CDs with paste residue or ink attached.

—Do not use CDs with labels or stickers attached, which may leave a sticky residue while beginning to peel off.  
(Shown as the picture)

—Clean the discs with an optional cleaning cloth. Wipe each disc from the center out.  
(Shown as the picture)

Besides playing the discs above, the unit also can be connected to TV, CD Changer and other connector. Please refer to the details on page 17 before you playing them.

## Maintenance

### Replacing the Fuse

Make sure the amperage matches the specified value when replacing the fuses. If the fuse is blown, check the power connection and replace with a new one. If the same problem occurs, it would be subjected to the malfunction. In such cases, please consult to the nearest service dealer.

**▲ Warning**

*Never use the fuse with the rated amperage more than that supplied to your unit, otherwise it will damage the unit.*

### Replacing the Battery

When the range of the operation of the card remote control becomes short or no functions while operating. Replace the lithium battery with a new button cell (CR2025). Make sure the battery polarity before replace.

Gently pull out the Battery Holder while pressing the Stopper.

Put the button-type battery with mark(+) upward into the Battery Holder.

Insert the Battery Holder into the Remote Control.

### Precautions on Using Lithium Battery

Always keep the lithium battery beyond children's reach. In case swallowed, see a doctor immediately.

Cleaning the battery with a dry cloth, to ensure its perfect connected.

Make sure the proper polarity when loading with the battery.

To prevent short circuit, do not use metal tweezers to clip the battery.

**▲ Warning!**

*Improper handle with the battery may lead to explosion. It cannot be charged, disassembled or thrown into a fire.*

## Specifications

### General

Power Requirement	14.4V DC (11-16V allowable)
Load Impedance	4Ω
Max.Power Output	60W X 4
Tone Controls	±10dB Bass 100Hz Treble 10KHz
Dimensions	Approx.253.1 x 178 x99.3 mm (d/w/h)
Mounting Dimensions	Approx.203.5 x178x99.3 mm (d/w/h)
Weight	Approx.3.05kg

### FM Section

Tuning Range (Optional)	87.5-108(MHz) (Europe) 87.5-107.9(MHz) (U.S.A.)
IF Range	10.7MHz
Usable Sensitivity (-30dB)	10dBuV
Signal-to-noise Ratio	60dB
Stereo Separation	30dB (1KHz)
Frequency Response	40-12KHz

### AM Tuner Section

Frequency Range (Optional)	522-1620(KHz) (Europe) 530-1710(KHz) (U.S.A.)
IF Range	450KHz
Usable Sensitivity (-20dB)	28dBuV

### VCD/CD Player Section

VCD Signal System	AUTO/PAL/NTSC
Frequency Response	20Hz to 20KHz
Signal-to-noise Ratio	60dB
Separation	60dB(1KHz)
Distortion	0.3%

### DVD Player Section

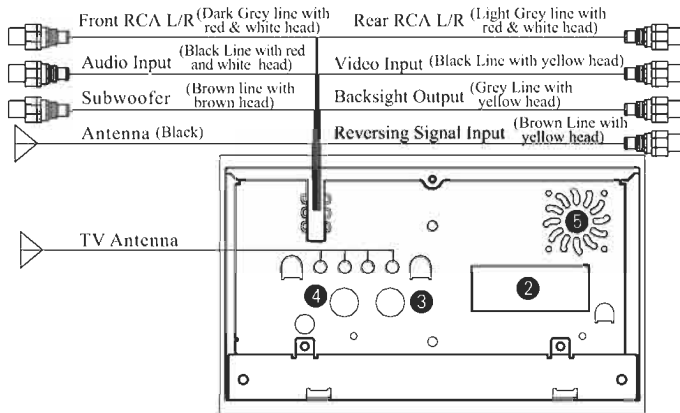

DVD Signal System	AUTO/PAL/NTSC
Number of channel	2 channels
Dynamic Range	60dB
Signal-to-Noise Ratio	60dB

**Note:**

**Due to continuous product improvement, specifications and design are subject to change without prior notice.**

# Before You Start

## Wiring Connection

- ① Output Plug(Male)
- ② Output Socket(Female)
- ③ TV Receptor (optional)
- ④ Changer Receptor (optional)
- ⑤ Fan Window

**Note:**

- \* The brown wire is connected with brake signal; to make sure the safety, the programs can be seen on the monitor after braking the car, but the menu and RCA output are free of it. If you do not want to use this function, connect it with the negative pole.

## Install the Unit

### Installation Method

#### Installation using the screw holes at the sides of the unit.

Select a position where the screw holes of the mounting bracket supplied with the car and the screw holes of the main unit become aligned (are fitted), and tighten the screws (see at 2 places on each side). And then fasten them to the car.

# General Operations

## Reset the Unit

Operating the unit for the first time or after replacing the car battery, you must reset the unit.

Remove the front panel at first, and then Press **⑬ RESET** button on the base with a pointed object, (such as a ballpoint pen) to set the unit to initial status.

### ▣ Notes:
