6

Clock/Alarm

AM/PM Indicator for Time and Alarm

Auto Time-Set Function

According to time zone chosen, clock will automatically receive a signal from the U.S. atomic clock, set itself, and as a result, provide the most accurate timekeeping in the household.

Daylight Savings Time Defeat Switch/Manual Operation

Should daylight savings not apply, a program defeat switch exists to override. Manual time setting is available.

Large 0.9" Green Backlit LCD Display

For better readability.

Lighted Wake-Set Indicator

Displays at a glance that alarm is set.

Month/Date Display

"No Worry" Battery Back-Up with Transparent Battery Door (battery not included)

Holds time and alarm settings intact during brief power failures. Alarm/Radio Wake-Up will sound at set wake-up time. Transparent battery door highlights the feature.

Second Display On/Off Function

Single Alarm

Sleep Switch

Adjusts up to one hour, 59 minutes. Lets you fall asleep to music.

Snooze Alarm

Control bar turns off radio or alarm for nine minutes extra sleep; can be repeated up to one hour, 59 minutes.

Time-Hold Capacitor

Stores enough energy to keep time and alarm setting intact during momentary power failures.

Time Zone Select

Allows selection of proper time zone for your area. Once selected, clock will automatically set the time by itself.

Wake-to-Radio or Alarm

Radio

3" Dynamic Speaker

Provides crisp, clear sound quality.

AM/FM Reception

Built-In AFC (Automatic Frequency Control) for FM

To reduce station drift.

Rotary Volume Control

Slide-Rule Dial Scale

Thumbwheel Vernier Tuning

Provides easy and accurate tuning control.

Two Built-In Antennas

Ferrite rod for AM and line cord for FM.

Plus

One-Year Limited Warranty

See dealer for complete details.
