Advantage Toshiba

- 9" Stereo TV with Full-Featured DVD Player for the ultimate in convenience
- AC/DC Capability gives the option of viewing "on the go"
- DC Car Cord included
- DVD-Video/CD/Video CD playback. DVD-R/CD-R/CD-RW* Compatible playback ensures discs made with personal recording devices can be played back in the home theater system, too
- Auto Repeat feature useful for trade shows or retail applications
- Front Panel AV Inputs for easy connection of video games or a camcorder
- Front Panel Headphone Jack allows for individual listening privacy

TOSHIBA

Technology & Benefits

Picture Zoom

This interactive DVD feature allows you to select an area of the picture you want to zoom in on and magnify it. Enhanced digital processing during moving video or freeze-frame playback produces superior color fidelity and resolution, even when you're zoomed in. Also can be used to expand letterbox-only films to increase the viewable area on-screen.

AC/DC Operation

With the included car cord adapter, users can enjoy viewing "on the go" in any vehicle with a 12-Volt power source (car, boat, RV, etc.).

Game Mode

Easily switch between the TV and the front inputs when a gaming device is connected by simply using a key on the remote.

Tray Lock

This feature allows software to be loaded into the tray and secured with an on-screen code. Great for ensuring retail demonstrations as well as to keep children from removing music and movie titles.

Tri-Lingual On-Screen Displays

Allows viewers to read menu selections in three different languages (English, French, and Spanish) to ensure user-friendly programming.

Side-firing Speaker Design

These side-firing stereo speakers deliver the best stereo sound by keeping the sonic image widely separated within the cabinet.
