## Digital Photo Frame

View pictures, listen to music and watch home videos at 800 x 600 resolution

More than just a digital photo frame, Aluratek raises the bar with its new Digital Lifestyle Device (DLD). View hi-resolution pictures, listen to music and watch home videos easily on the 8" TFT true color LCD at 800 x 600 resolution. Simply insert your camera or camcorder's SD / SDHC card or an USB drive directly into the frame. Pictures will automatically start in a slideshow mode. With the built-in 512MB on-board memory you can also transfer your favorite digital files directly from your computer fast and easy without any software. With Aluratek's new DLD, share all your digital pictures, videos, and music files. Whether it is at work or at home, let the fun begin!
