

A04-M114AB

EClick M114 Desktop Optical Mouse

- 800 dpi Optical Sensor
- Ergonomic Design
- PS2 Interface
- Plug'n'Play

Atlantis Land EClick M114 has been designed to guarantee an elegant and compact design for your desktop environment.

With its ergonomic design the EClick M114 will adapt to the shape of your hand, guaranteeing the maximum comfort level even when used for extended periods.

The integration of the Pixart's PAN401 high-resolution optical sensor will give you the greatest accuracy and smoothest movement of any mouse of its class. There is no need to use any additional drivers; just plug it in your PC and enjoy the mouse.
