Safety Instructions

For your safety, please read before use.

Product

Keep away from harsh environments including humid, dusty, and smoky areas.

Do not drop or subject the device to impact.

Do not disassemble or modify.

Keep out of direct sunlight and extreme heat and cold.

Do not use excessive force on the buttons or attempt to disassemble the device.

Do not clean using chemicals or detergents. Doing so may damage the surface or paint.

Safety Instructions

For your safety, please read before use.

Product

Keep the player away from strong magnets.

Avoid contact with water and other liquids and dry immediately with a soft cloth should contact occur.

Do not use headphone / earphones at high volume. Hearing experts advise against listening to continuous, loud and extended play.

Do not use headphones/earphones while cycling, driving, or operating any motorized vehicle. It is dangerous and is illegal in some areas.

Avoid impacting the player against other objects when it is in your pocket or backpack.

External impact, lightning, power shorts or other events may damage the data stored in the product. The user is solely responsible for data backup and the company will not be liable for loss of stored data under any circumstances.

MUSIC

Download Music & Playlists

Get the latest version of Windows Media Player

In order to copy music & playlists to your player, you must use Windows Media Player 10.

The installation CD-ROM should include the proper version of Windows Media Player.

Windows Media Player 10 can also be found online at : www.microsoft.com/windowsmedia/download/

Please note, purchased music can only be copied to this player using Windows XP and the latest version of Windows Media Player.

1. Connect the USB cable to the USB port on the player and to your PC.

2. Open Windows Media Player.

- Click Start -All Programs -Accessories -Entertainment -Windows Media Player.
- Click "Library" from the menu button near the top of the screen..

Most of your music should be listed in this library. If not, check Windows Media Player help for more information about the library.

MUSIC

- Locate a Song or Playlist in the Library and Right-Click on it.
Select "Add to -Sync List".
A "Sync list" will appear on the right side of windows Media Player listing all the Songs & Playlists to be added to your player.

Repeat for all the songs or playlists you would like to add to your player.

- Click the "Sync" menu button.
On the right side the Sync screen choose the T30 from the dropdown list.

- Click Start Sync to transfer the songs or playlists on to the T30 player.
When complete, copied songs will appear in the "Synchronized to Device" list on the left side of Windows Media Player and in the specified folder on the right side of the screen.

Disconnect the player from your computer and enjoy your music!

If you prefer to Auto Sync, please select "Auto Sync" in the menu of Set Up Sync. You can Auto Sync music and playlists.

Deleting a file on the player

Th File can be deleted in the [SETTINGS - Advanced - Delete File].
(Refer to page 61)

- Press and hold **M** button to display the function mode screen.

Press **◀◀**, **▶▶** button to select [SETTINGS] mode, then press **▶/■** button to enter.

The [SETTINGS] screen will be displayed.

- Press **◀◀**, **▶▶** button to choose the [Advanced], then press **▶/■** button.

The [Advanced] sub-menu screen will be displayed.

- Press **◀◀**, **▶▶** button to choose the [Delete File], then press **▶/■** button.

The [DELETE file] list screen will be displayed.

Note

- While in a music file playback, delete functions are not available.

- Select a file to delete by using the **◀◀**, **▶▶**, **▶/■** button, then press **▶/■** button.

◀◀ : to move up **▶▶** : to move down
▶/■ : to enter the folder **M** : to exit the folder

- Press **◀◀**, **▶▶** button to choose the [Yes], then press **▶/■** button.

File is deleted on the player.

Note

- You can not delete a folder at all.

BROWSER

BROWSER

1 Press and hold **M** button to display the function mode Screen.
Press **◀◀**, **▶▶** button to select [BROWSER] mode, then press **▶/■** button to enter.

2 File list screen is displayed on the LCD screen.

6. Delete File

While playback is stopped, you can delete a file on the player. (Refer to 29 page)

When in Delete file screen, press the ▶/■ button after selecting a file to delete it.

YES : Delete selected a file.

NO : Cancel the delete function.

Customizing the function settings (Menu)

Advanced

7. Load Default

Reset menus to the original factory settings.

- When the Load Default is done, the player will be rebooted automatically.

8. Format

Memory is formatted and all saved files are deleted.

Before formatting can begin, you must backup all data stored on the player.

Care must be taken as formatted files can not be recovered.

- When the Format is done, the player will be rebooted automatically.

Firmware Upgrade

Firmware Upgrade

1 Download the latest firmware upgrade file from www.iriver.com/support.

2 Unzip the firmware file (T30_MTP.HEX) and copy the file to iriver T30:\ data folder on the player.

Disconnect the USB cable .

3 After the player is disconnected from the computer, firmware upgrade will automatically begin.

Note

- Before upgrading the firmware, check the condition of the battery. The firmware upgrade may fail due to battery power shortage.
- Do not turn the player off until the upgrade is completed.
- When the upgrade is completed, the firmware file(T30_MTP.HEX) will be deleted automatically.

Troubleshooting

Should any problem persist after you have checked these symptoms, consult your iriver dealer or contact support at www.iriver.com.

Trouble	Solution
No Power.	<ul style="list-style-type: none"> ■ Check whether the HOLD switch on the player is ON (Switch to OFF position) ■ Check the condition of the battery. Insert a fresh battery.
No sound or distortion during playback.	<ul style="list-style-type: none"> ■ Check whether VOLUME is set to "0". ■ Firmly connect the earphones. ■ Check whether the plug is dirty. Clean the plug with a dry and soft cloth. ■ Corrupted MP3 or WMA files may make a static noise and the sound may cut off. Listen to your files on the PC to see if they are corrupted.
Characters in LCD are corrupted.	<ul style="list-style-type: none"> ■ Check out SETTINGS →Display →Language and confirm whether the right language has been selected.(Refer to page 50)
Poor *FM Reception.	<ul style="list-style-type: none"> ■ Adjust the position of the player and earphones. ■ Turn off the power of other electric devices near the player. ■ The Earphone cord functions as the antenna, they must be plugged in for best reception.
Failed download of MP3 file	<ul style="list-style-type: none"> ■ Check the condition of the battery. ■ Check the connection between your computer and the player to ensure that the cable is secure. ■ Check whether the player's memory is full.
The title saved in T30 are not played.	<ul style="list-style-type: none"> ■ T30 supports up to 700 music files and 700 folders.

Specifications

Memory Capacity	256 MB*	512 MB*	1 GB*
Model No.	T30 256MB	T30 512MB	T30 1GB

Category	Item	Specifications		
Audio	Frequency range	20 Hz ~ 20 KHz		
	Headphone Output	(L)15 mW + (R)15 mW (16 Ohm) max. Volume		
	S/N ratio	90 dB(MP3)		
	Number of Channel	Stereo (Left/Right)		
FM Tuner**	FM Frequency range	87.5 MHz ~ 108 MHz		
	S/N ratio	60 dB		
	Antenna	Headphone/Earphone-Cord Antenna		
File Playback	File Type	MPEG 1/2/2.5 Layer 3, WMA, OGG, ASF		
	Bit Rate	MP3/WMA : 8Kbps~320Kbps, OGG : Q1~Q10		
	Tag Info	ID3 V1, ID3 V2.2.0, ID3 V2.3.0, ID 3 V2.4.0		
Recording	Max. Recording time (@32kbps)	256 MB	512 MB	1 GB
		Approx. 18 hours	Approx. 36 hours	Approx. 72 hours
General	Dimension	60 (W) x 30.4 (D) x 22.1 (H) mm		
	Weight	27 g (Battery excluded)		
	LCD	Full Graphic 4 Line with Backlight		
	Language	40 languages		
	Battery	AAA Type Alkaline battery 1EA		
	Operational Temperature	-5 °C ~ 40 °C		
	Max. Playtime	Approx. 20 hours (128 kbps, MP3, Vol 20, Backlight off, EQ Normal, Alkaline "AAA" 1000mAh)		

* 1 MB = 1,000,000 Bytes / 1 GB = 1,000 MB = 1,000,000,000 Bytes
Not all memory available for storage. Memory is not expandable.

** Only for models including FM Radio function

Safety Information

For Safety

- Avoid dropping or impacting the player.
The player is designed to operate while walking or running, but dropping or excessively impacting the player may be cause damage.
- Avoid contacting the player with water.
Damage to the internal parts of the player may occur if the player comes into contact with water. If your player gets wet, dry the outside with a soft cloth as soon as possible.
- Do not leave the player in a location near heat sources, or in a place subject to direct sunlight, excessive dust or sand, moisture, rain, mechanical shock, unlevelled surface, or in a car with its windows closed.
- Remove the battery if player is unused for long periods of time.
Battery left in the player for a long time can corrode and damage the device.
- All data stored on this device may be erased by a excessive impact, a thunder or an electricity failure, etc. on the device.
The manufacturer does not warrant and will not be held responsible in any way for damages or loss of data, including loss of data stored on this device, resulting from a excessive impact, a thunder or an electricity failure, You will be responsible for safe-guarding all data stored on this device.

On headphones and earphones

- Road Safety
Do not use headphones/earphones while driving, cycling, or operating any motorized vehicle. It may create a traffic hazard and is illegal in some areas. It can also be potentially dangerous to play your headset at high volume while walking, especially at pedestrian crossings. You should exercise extreme caution or discontinue use in potentially hazardous situations.
- Preventing hearing damage
Avoid using headphones/earphones at high volume. Hearing experts advise against continuously loud and extended play. If you experience a ringing in your ears, reduce volume or discontinue use.
- Consideration for others
Keep the volume at a moderate level. This will allow you to hear outside sound and to be considerate of the people around you.

FCC Certification

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS:

- (1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND**
- (2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE, RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRED OPERATION.**

Note : This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures :

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE: THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.
